Re Mr. C. Perry. Shrewsbury; Applicant for Special Priority Passage to East Africa. Medical Examination of

Sir.

I have the honour to report in connexion with your letter of 21st November, 1920, 6539/1919 and encosures, that I have to-day medically examined Mr. C. Perry of Shrewsbury. He brought with him a certificate from Dr. R. O. Smyth, 9 College Hill, Shewsbury that he has been attending Mr. Perry for Chronic Rheumatism since his discharge from the Army and recommends him a change of climate to such a place as East Africa.

I understand from Mr. Perry that he is at present working with the Great Western Railway in connexion with "gas and water" which involves much railway travelling; that he has to be helped in & out of carriages & and that on many occasions "collapsed" while [illegible] His heart is normal [illegible] and of good physique. The p[illegible] are chiefly of the lumbar regions and knee and ankle joints. There is some enlargement of his ankle joints of a chronic nature. His knees show no signs of present of rheumatic affection. I believe he suffers from chronic rheumatism, but I am unable to certify that there is a real risk of death or permanent injury if he is not allowed to proceed to East Africa.

I am, Sir,
Your obedient servant,

Under-Secretary of State for the Colonies,
Downing Street, S.W.1.
