His letter from him re acquisition of land by himself. Mr. Thwing & relatives is satisfied re bond fides. Considers it not so antagonistic that such application should be favourably considered. If area allotted without auction, Govt wd put in to charge of preferential treatment. In order to enable Mr. W. to find for no. of farms required, Govt wd set aside those restrictions on allotting lands to one farm in case of subsequent to May 11

Particulars of case considered one in which exception should be made and land should be allotted to Messrs Lambert & Wilson. This is in force when their application is considered. Trusts that the same will be cancelled.

His letter from F. M. from which it will be seen that an amended indent is now required. It is being forwarded to C. L., who is being informed that they will receive instructions from C. L. but can probably be met from savings. C. L. may be instructed to proceed.

His copy to Mr. C. W. does not think he has any reasonable complaint re his allegation re removal of his sheep cattle to an area where East Coast fever was endemic.

Confirms tel 20 April sends Mr. R. M. Manager explaining position. Does not think he will be placed under any serious disabilities. The step is absolutely essential for physical development of Kilindeni. Forwarded list for Govt. to Board of Education.

encl. 19. 1. 13

If proposal to fill the 2 appts. of Head Clerk from Eng. is approved question of withdrawal of Mr. [unclear] at Mombasa must await decision on general recommendations re British Clerical Staff. No objection to Mr. [unclear] Hagg's re-entry to Govt. Service as Accountant. Crown of duty allies for 6 Exco Engrs. was intentional, as one of them will always be on leave. Assumes appts. referred to in para. 2 of R. of S. [unclear] Conf 20 Aug will date from 1 Oct. Will communicate as to 2nd vacancies for Exco Engrs after return of Mr. [unclear] Dir. of P. [unclear]

Reports Govt. paid for purchase of some [unclear] schedule of Govt. [unclear] 1913 has been paid for [unclear] which proves to be 1/4 acres less than 99 years lease of it on 80 @ 25 per acre. Has authorized purchase of a few acres in neutral zone in order to set a definite value on land in that area etc. it becomes necessary to apply Land Acquisition Act (this proposition comes under item 23) - Prof. Simpson's report on Mombasa is to land, but not very illuminating proposals. Hope to submit both next week, but recommendations require careful study, will follow later

Report recd of Sgt. J. Senekle that Lt. Benbrook has been dangerously wounded in skirmish with Turkhand's section of Mareham. Request whether may be info. Our casualties are one native officer & five privates, several wounded. Will report for receipt of details.

States that, after consultation with Uga, has decided that operations shd. be commenced once Turkhand's proposals re control of troops, share of cost of control of tribes, shd. be approved, military create Request again, its travel at once, copy of this ltr. sent to Uga who concurs.

States re. expré. Coda absent from headquarters. Common difficulty, but further charges unlikely. Also will be forwarded when possible.

After deep 9754 2 after consultation with Sinclair, commenced construction 1944-15 of 11000 deep. Follows re. future. Anglo-Sinclair agreed to participate.

Recommends that, in special circumstances, be granted to hand. 2000 in lieu of 50.00 each of the 1000 papers, as the special allow. until the work is completed.

As to Rly. Staff Manager asking what solution to be held open until 1944-15 for Lt. Eng. been left. Staff Manager Mr. Thompson may be reconsidered. Station manager for not recommending was on account of duty after. Surely, being my objection to a grant of it. It might be at work. Some of officers insufficient.

As 22 copies of ltr. III part I. Copies of ltr. I & II sent to Uga. Not yet been recd. by Uga. In ltr. deep 9711 enclosed.

State was submitted to Leg. Sec. 11 Dec. 1944 that Resolution was passed regarding article thereof.

Mr. Edmund Harvey. To ask the Secretary of State for the Colonies, whether he will lay upon the Table of the House the new draft Land Ordinance for British East Africa before giving it his final approval. [Thursday 30th January.]

Vol 6. 3255 Put by

Mr. Edmund Harvey. To ask the Secretary of State for the Colonies, whether his attention has been called to a public statement by the Governor of British East Africa, in a speech on 27th December, that he was in communication with the Secretary of State with reference to the draft Land Ordinance, and had obtained his consent to the removal from the Ordinance of that part which made provision to prevent the accumulation of land in the hands of one individual; and whether he can state the reason for the removal of this restriction. [Thursday 30th January.]

Vol 6. 3256 Put by

Mr. Edmund Harvey. To ask the Secretary of State for the Colonies, whether his attention has been called to the speech made by the Governor of British East Africa on 27th December at the Nakuru Show lunch, in which he stated that he had recommended the Secretary of State that the Governor should have authority to allot lands without auction in cases in which it may appear to him that exceptional circumstances render it desirable that land should be owned by a particular person; and whether he has information as to what are the circumstances to which the Governor alluded, and can give this information to the House. [Thursday 30th January.]

Vol 6. 3258 Put by

Mr. John Speart. To ask the Secretary of State for the Colonies, if he is aware of the unrest amongst the Natives in the Londiani district, British East Africa; whether he has any official information as to a recent Masai raid on Lambeve, when many cattle were stolen and some of the Moran in charge murdered; and, having regard to the alarm amongst the European settlers in the district, will he take steps to provide protection against these raids. [Thursday 14th February.]

Vol 6. 3259 Put by

Mr. Edmund Harvey. To ask the Secretary of State for the Colonies, whether he has any recent information as to outbreaks of serious disease amongst men and cattle in the new southern reserve recently allocated to the Masai; whether there is any evidence that deaths from anthrax have taken place; and, if so, what steps are being taken to deal with the matter. [Wednesday 12th March.]

Vol 6. 3255 Copy Dist. Nov. 22 1913

Mr. Edmund Harvey. To ask the Secretary of State for the Colonies, whether proceedings have been instituted in the High Court of British East Africa, on behalf of the Masai tribe, with regard to their recent removal from their Kikopia reserve; and, if so, what is the exact nature of the proceedings; and whether the plaintiffs represent the tribe and have authority to plead on its behalf. [Wednesday 12th March.]

Vol 6. 3256 Put by

Mr. John Rolleston. To ask the Under-Secretary of State for India, whether the profit on each rupee now current in East Africa and Uganda is appropriated by the Government of India on the ground that the Government of India agrees to the limit of its ability to convert these rupees into gold on demand at 15 to the sovereign; and whether the sums of gold which constitute the Indian gold standard reserve, and which are the profit by seignorage on the coining of rupees, are the property of the British Treasury and not of the Government of India, seeing that the Indian gold standard is the creation of this Parliament, and that Great Britain, and not India, guarantees, to the limit of her ability, the convertibility of the rupee into gold. [Wednesday 12th March.]

Vol 6. 3257 Put by

Mr. Edmund Harvey. To ask the Secretary of State for the Colonies, whether in view of recent occurrences in British East Africa, he will now consider the advisability, in the case of capital charges where racial feeling may be involved, of replacing the present system of trial by jury by a system of trial more suited to secure the ends of justice. [Wednesday 26th March.]

Vol 6. 3258 Put by

Mr. Edmund Harvey. To ask the Secretary of State for the Colonies, whether his attention has been called to the trial at Nairobi sessions, on 5th February last, of an Italian charged with the murder of a Native by kicking him in the stomach; and whether, in view of the evidence and of the verdict of the guilty given by the jury, any further steps are being taken to deal with the matter. Mr. Wedgwood. To ask the Secretary of State for the Colonies whether his attention has been called to the evidence given by Mr. Hilton before the Native Labour Commission in East Africa to the effect that the poll tax on Natives should be increased; that this would provide a sufficient supply of labour; and that the money could be utilised for the general uplifting of the Natives; whether this evidence accords with the views of the Colonial Office; and whether any such steps are to be taken to uplift the Natives. Mr. Cathcart Wason. To ask the Secretary of State for the Colonies if he has considered the evidence of landowners before the commission appointed by the acting Governor of East Africa to inquire into the Native labour supply; and the various suggestions made for the reduction of the Natives to a state of servitude; and if, in view of the agitation now being fomented to deprive the Natives of their reserves, he will have such reserves vested in trustees in permanence for the benefit of the Natives.
