Herewith number (1) I think
it inadvisable at this moment
to select either of the other
2 men available, and I hope
to be able to better them.

I understand that you would
like to get the rest out before
end of April. May I have a
vacancy from for them please.
Incidentally it might be advisable
not to give Mr Wright Seniority
at present as he is the youngest.
I think, very truly
