~~SECRET~~*From War Office to Major-General Tylor*

(N. 7603 cipher M.O. 362.)

4th September, 1915, 1.30 p.m.

Reference your No. Q. 21 and N.S.T.C. 3. Your demand will be noted for references should circumstances change, but it seems premature to comply with it under present conditions.

*From Major-General Tylor to War Office*

(N. 11994)

5th September, 1915, 12.25 p.m.

Intimation has been given by Nyassaland that they can raise 600 recruits for the units of the King's African Rifles here. It is very important to make the necessary preparations to meet wastage casualties, &c. To train recruits and furnish first-class men as a reserve to draw on would take six months. Enlistment would be for the duration of the war only. The Governor, whom I have consulted, approves this policy which I strongly recommend and for which I request sanction.

*From Major-General Tylor to War Office*

(N. Q. 22)

5th September, 1915, 9.55 a.m.

I am in receipt of your telegram No. 1066 of the 2nd Inst. Cars can now be now be bought from the Union Government at a reasonable rate. Money might thus eventually be saved if an offensive should ever take place against German East Africa. As, however, the present policy may continue for some time, I should be grateful if you could have twelve Packards, twelve R.E.C. lorries and fifteen hummibiles with spare parts and drivers to replace wastage. This would make the Mackay's 1st Bn mobile forces more mobile. I should also like to have the four workshops as conveniently described.

(No. 334.)

The enemy fired on Maktau train near Tumhotie; 65 Mounted Infantry, Loyal North Lancashires and Fusiliers, supported by 50 infantry left Maktau to intercept enemy and engaged 10 miles south of that place. Mounted Infantry being outnumbered retired after a short fight, leaving 1 dead, and Lieutenant Dartnell, Royal Fusiliers, and 3 wounded.

When infantry arrived after half an hour they found wounded, including Lieutenant Dartnell killed by close range shot. Casualties of enemy estimated at 20 to 30. Our total casualties were 1 officer and 7 men killed, 1 officer, Captain Woodruffe, Loyal North Lancashire Regiment, and 7 men wounded, 3 men missing 10 rifles lost. There is no doubt that our wounded were murdered in cold blood, both here and in the Kapurthala affair.

On same date Uganda railway was blown up at Mile 161 and 2 coaches derailed and a hostile bombing party dispersed south of Samburu, losing 2 men and all kit.

On 5th September a bomb was discovered on Maktau railway.
