They can only know (or ought to know) that we deal with the personnel of the local forces. Messrs. Trooper Waugenburg & his [unclear] are [unclear] for us.

In view of Gen. Rife's telegram we had better have the man sent to Sweden as proposed?

REC'D 7 JUN 15

The Secretary of the War Office presents his compliments to the Secretary, Colonial Office, and begs to enquire, with reference to the enclosed copy of a cablegram received from the G.O.C. East Africa, whether passage would be provided out of any Colonial Office funds in this case, for which there is no provision under Army Regulations. If the Colonial Office can take the charge, a cablegram instructing General Tighe to provide passage would be sent from this Department.

Wangenburg, a Swedish subject, who was serving as a trooper in a local corps, was lately discharged and is now destitute at Aleass. It is undesirable to treat him as a vagrant, in view of the fact that he has served in a British force. In my opinion he should be returned to Sodertelge, Sweden; may I give my sanction to his passage?
