Telegram:

The Deputy of the Governor of the East
 Protectorate to the Secretary of State
 Colonies.

(Received Colonial Office 9.30.p.m. 12th February 1916)

No. 34 Your telegram of 27th January
 services of any medical officer who may be available
 would be acceptable here but their presence would not
 enable other members of staff to be released for
 employment in Zanzibar. Would be glad to know in
 due course how many will be available.

they might be able to send
Dr. Pugh to Tanganyika, and
another man to Zanzibar, especially
if they get a few more doctors
to assist them. Sir G. Depledge has
just suggested the selection of
Dr. Pire as D.M. Zanzibar, apparently
implying that is said in this
file.

Staff for the help Zanzibar D.M. matters
in different medical commitments. Of course
if they get three or four W.M.S. doctors
it will enable them to release more - it
is almost axiomatic.

~~the doctor~~ for Zanzibar (vacation)
the doctor

Dr. Pugh has now been dealt with, &
we have asked him to send Dr. Pugh
to Tanganyika

The Zanzibar vacancy will remain

and in view of minutes in Res. 2151
there seems no immediate prospect of
filling it.

Perhaps we had better wait until we
see who has we can get a few more around
then to go to P. Africa, and then arrange
for the temporary loan of an East. P.
to Zanzibar. It is possible that a
British man will agree to a temporary
to Zanzibar, but as the staff there
is so small it might cause some
heartburning if a temporary P.

with a large staff of salary and a duty
allowance were introduced among them,
he might still have to draw more
salary than the P. The objection
is not applicable to East where there are
now a considerable number of doctors
with long service drawing various rates
of pay.

We had better have the position
fixed in East African Council P. &
Council for P. Africa and if possible
can be fixed in the interim.

OR shall bring this up in a meeting
