To Africa Med. Officers
Employment in East

Services would be available, but their
presence would not enable other members
of staff to be released to service in
England. Engineer has been sent to available

they ought to be able to send
& perhaps to Simsbland, and
another man to Zamboua, especially
if they get a few WAMS doctors
to assist them. Sir G. Depledge has
just suggested the selection of
Dr. Rice as D.O.M. Zamboua, apparently
ignoring what is said in his
telegram.

Truffin the keeper Zamboua J.E.P. matters
in different mental compartments. Of course
if they get three or four WAMS doctors
it will enable them to release him, it
is almost axiomatic.

Dr. Paterson has now been dealt with, &
we have asked D.P. to send Dr. Depledge
to Simsbland.

The Zamboua vacancy still remains

and the case of Dr. Paterson in No. 215
does seem to be immediate prospect of
filling it.

Perhaps we had better wait until we
know who we can get a few more years
before we go to S. Africa, and then arrange
for the temporary loan of an E.A.D. No.
to Zamboua. It is possible that a
white man will agree to go temporarily
to Zamboua, but as the staff here
is so small it might cause some
heartburning if a temporary No.
with a high rate of salary and a duty
allowance were introduced among them;
he might quite easily be drawing more
salary than the P.M.D. This objection
is not applicable to E.A.D. where there are
now a considerable number of doctors,
military reserve, drawing varying rates
of pay.

We had better bear the position in
mind in case another leaving No. is
secured for S. Africa and if anything
has happened in the meantime, ?

PR should bring No. up in a letter

16. 34 Your telegram of 27th January
 services of any medical officer who may be available
 would be acceptable here but their presence would not
 enable other members of staff to be released for
 employment in Zanzibar. Would be glad to know in
 due course how many will be available.
