Mr. Shochy
Gen. 1/6/16

I have suggested telegraphing
in the first instance to General Dobbie
because it will involve less detail work
The arrangements of Col. Galt if Mr's
running in the C's are taken then
I will look them from the C's. Hence
when they are now at their stations &
would have to be replaced. The Mr's in
the C's are on an expedition already &
might be more ready to go off

Concours

an expedition to EA than Officers, who have
more or less settled down for their term.
Time is an element of some importance,
too, and Mr. [?], having the [?] can
get on to Las Palmas with the minimum

delay. Of course many Mr.'s, who might
like to go to EA won't get the chance.
(This way), but we are not out to give Mr.'s equal
chances of action, since but to get to EA
as soon as possible all the Mr.'s that are
wanted there.

If Gen. Dettell telegraphs
the names, we can see that too many are
not taken from our Colony, by
selecting the men ourselves. We can then
give directions as to medical exam. etc.
As to Mr. Watt, please see in his
file.
