On 2 Oct. 1916 (EOP/32560/16) we reported that enemy mission property was to be appropriated for the present and that had been done about the Leipzig Mission property.

49/39/16

The Gov. replied - 14 Oct. - that the Leipzig Mission had been sold - in order (as we assumed) to prevent seizure.

On 12 March he said that the effects at Matango and the contents had been sold & those at Shikha stored.

The reason for this is now given in the fact that the buildings were infested by white ants.
