7. To submit that, since as has been declared by the Economic Conference of the Allies, war has put an end to all treaties of commerce between the Allies and enemy Powers, and since the Allied Powers are seeking an extensive readjustment of their African possessions, and a general rearrangement of their commercial relations with a view to safeguarding themselves against the designs of the enemy Powers, the present is a favorable opportunity for carrying out the changes indicated in the preceding paragraph.

8. To venture to ask for the facilitation of the Treaty of State by telegraph because the above should not be a treaty duty to this country any value in its fiscal policy and consequently what is now pending in any scheme of preferential duties which may be decided upon by the Imperial Government and until we have decided the fiscal side of ^{our industry} ~~the industry~~ must be at a standstill.

His Excellency The Acting Governor,
Government House, Nairobi.

Sir,

FISCAL POLICY.

We have the honour to submit to you for your favourable consideration the following interim report on the political obstacles which stand on the way of framing a fiscal policy for this Protectorate, and to request that you will obtain by telegraph the decision of the Secretary of State for the Colonies thereon, in order that we may be able to act accordingly when dealing with fiscal questions.

2. The terms of reference to this Commission include among other things an inquiry into and a report on

- (a) "any special circumstances affecting the interests of this Protectorate to be considered in framing a commercial and industrial policy after the war" and
- (b) "The application of the recommendations of the Economic Conference of the Allies at Paris to this Protectorate."

These terms of reference seem to involve an inquiry into, and a report upon a fiscal system for this Protectorate.

3. And further it would appear that both the Allies and the Imperial Government contemplate some form of preferential tariff. In evidence of this we would cite:-

- (i) The Resolutions of the Economic Conference of the Allies at Paris.
- (ii) The Resolutions of Lord Balfour of Burleigh Committee.
- (iii) The Premier's speech at the Guildhall April 29th last.
- (iv) The Chancellor of the Exchequer's in the House of Commons on April 27th.

CONFIDENTIAL

July. 2nd. 1917.

Sir,

With reference to my cypher telegram of the 14
June 1917, and your cypher reply of the 21st idem, on
the subject of the restrictions imposed by the Berlin
and Brussels Acts and the Lanibar Treaties, I have
the honour to forward herewith an interim report which has
been submitted by the Commission of Enquiry recently
appointed by Sir Henry Curwen Selfield to enquire into
the question of the commercial and industrial policy
to be adopted after the war.

It was the recommendation contained in this report
as regards the abrogation of the above mentioned
treaties, that led me to address my telegram of the
14th ultimo to you.

I have the honour to be,

Sir,

Your humble, obedient servant,

ACTING GOVERNOR

THE RIGHT HONOURABLE

WALTER LONG, P.C., M.P.,

SECRETARY OF STATE FOR THE COLONIES,

DOWNING STREET, LONDON, S.W.
