Comments in fact that when civil action to pay U.C.M.S. Co for passages they are allowed 10% discount but if EA pay, no discount is allowed. Suggests better account be made.

1. Mr. L. H. Ho says we are about to suggest that they should send in a minute on the subject.
2. Some time ago we asked all the Eng. Govts. as to a new agreement with the U.C. Co. : no replies yet received. Certainly the question of a rebate on Govt. fares will have to be considered in their connection.
3. But in the meantime we must ask U.C. Co. if they would be willing to give the rebate in

M/Misc. 1367.

Mr. Parkinson.,
Colonial Office.

The Union Castle Company allow a 10% discount to civil servants who pay them for passages to South or East Africa, but, when we pay for such passages on behalf of the Government, no allowance is made. This point was raised by us in 1918, and an extension of the 10% was arranged with the Ministry of Shipping so long as the vessels remained under Liner Requisition - see your letter of 1st November, 1918. The Liner Requisition Scheme ended on the 13th February, 1919, and we wrote to you on the 5th March, reporting the fact, and adding that we concluded that any further action would be taken by the Secretary of State.

I understand that you have circularised the Governments concerned respecting a new contract with the Union Castle Company and that the question of passage rates will be considered in that connection, but, as you suggested by telephone, I have set out the facts as above in case you should think it necessary to take up meanwhile the question of more favourable terms to Government.
