Major Grogan 21/11/1919

Mr Mackie

Enclosure to 4604 marked X state that
Major Grogan arrived on the 6th of May
His examination in this country was
therefore up on the 6th of November
but he spent a good deal of time
on the E.A. Selection Board;

Mr Jeffries tells me that he put in
17 half-days on Selection Board;
& attended every day & all day from
the 5th to the 16th of September -

Subsequent Paper.

His whole duties in the connection with the
L.S. scheme extended over a period
from the 27th of June to the 16th of
Sept. and involved him in a great
deal of correspondence, & Mr. Jeffries
agrees with me in thinking that he
might well be granted ^{an extension} of two months
to the time in which he can avail
himself of a passage.

I authorize the C.A. to extend
the period of his eligibility for
passage for 2 months on account
of his work in connection with the
L.S. scheme, & would be asking
him to give reasons for a further
extension should he require it.

25. 11. 19.

The same rule for, even 3 months
extension will be all right to me
if you ask for a further extension.

Grogan from England to East Africa if he applies for it and avails himself of it within six months of his arrival in this country, Major Grogan has been offered a first class passage in the "Armadale Castle" sailing 5/12th December and has refused it on the ground that it is impossible for him to leave this country as early as December owing to his not having yet completed his business.

As he arrived home in April (?) is he still entitled to a passage back?
