Hares from Egypt

Encloses letter from Mr. G. H. D. White  
that any assistance he can give  
in advertising should be forwarded  
to the hands of the Agent General.

Mr. G. H. D. White

Our idea was to get good quality  
hares at a nominal price, and obviously  
had in mind the fact that under £100/-  
against these animals, we have  
to load and carry. But any one  
will say ~~that~~ a horse would be  
required to be taken to take care of it.

The opinion of the two Agents (Col. Bear  
& Agent Pearson I digressed) who have  
been mentioned as suitable for the  
work of collecting the - to commence  
conversation here - is that we could  
afford to pay £5 per head with £10/-  
Egypt. They agree as to this estimate  
Freightage en route & arrival

I gather that the sum of animal  
rights will in Manitoba be £35 or  
so - as against the £60 or more  
that this would cost us -

RE•20 MAR 19

Sir,

With reference to Mr. Grindle's letter of the 28th January last (116/Gen.No./6472 (Q.M.G.F.)) relative to a proposal to obtain 500 mares for the East Africa Protectorate from the surplus now available in Egypt, I am directed by the Lord Chancellor and the Treasury to transmit herewith for the information of Secretary Viscount Milner the following notes at the instant which they have received from the War Office on the subject.

It will be seen that the total value of the mares is about £20,000.

The issue without charge of mares for breeding purposes to Farmers in this country was adopted in order to provide for future military requirements and is subject to certain limitations and conditions in view of the present. The Secretary of State will no doubt agree that no assistance to the horse-breeding industry in the East Africa Protectorate should be provided out of the Exchequer in the form of a grant of animals at prices below those obtainable in the local market.

So far as Their Lordships are aware, the financial position of the East Africa Protectorate is not such that, assuming the purchase of mares to the number stated to be approved, a grant in aid would be justified.

Secretary of State,  
Colonial Office.

I am Sir  
Your obedient Servant,

W. H. Threlfall, M.C.

Sir,

In reply to your letter No. 4308/19 dated February 4th, I am commanded by the Army Council to transmit copies of cables which have passed between Egypt and this office, and to inform you that the Council consider that the local value of the mares, which will be specially selected, is £40 each.

I am.

Sir,

Your obedient Servant,
