This copy of scheme proposed by Capt. R.O. Jourdain

Mr. ~~Bathouley~~ <sup>for Ennis</sup> Col. ~~Conery~~ <sup>Conery</sup>  
 This scheme can now only be considered in the light of the general scheme.

? Return encls. with thanks and say that a scheme for the allotment of all the available surveyed land in the S.A.P. to ex-service men and widows has already been prepared by the Gov. and will be published shortly; that in the circumstances there seems no need to approach W.O. with regard to Capt. Jourdain's scheme.

RE 24 MAY 19

I know that privately as well as officially  
very interested in Settlement schemes for  
and other ranks, and I therefore venture to  
the enclosed, which has reference to a portion  
of East Africa. The scheme has been drawn up  
by Captain R.O. Jourdain, who is an officer of  
with very great organizing powers and who,  
himself acquainted with British East Africa,  
in touch with officers who have already  
gone. Perhaps you might care to take up the  
matter if so to put it to the War Office officially.  
I should if you will return the paper and the map  
to Jourdain, who could of course come and see  
me at any time if you wished.

Yours sincerely,

*Edmund Mitchell*
