

with those I have to proceed with selling the  
vacancies, regarding to our letter of  
6/18/06 as to our bonus, reduction of  
salary rates, etc.

2/10/07

E.A.P. seems to be asking us to fill any vacancies arising  
in these establishments. I think it would be better to wait  
for all of us except the most urgent vacancies until the  
estimates are received until we know the financial  
effect of the A.A. Leuchter's recommendations. But the A.A.  
are not likely to be able to fill many of these vacancies  
until the increased rates of pay are introduced, so we  
may need to do so of our own.

Yours truly  
E.A.P.
