I think we may assume the appointment will be offered
to the E.A.P. & under the circumstances of yesterday
but the circular is not yet issued & I told the C. to hold it
up for these reasons. I think we may assume that
the collector of customs for Uganda will be the
same as the collector of customs, Mombasa
viz. James D. Dyer which is the same as
the present collector. In writing to the C. I
had better explain that the custom Dept. of E.A.P.
& Uganda are interconnected, but that the office
selected for the appointment will be obtained in
Uganda. And ask the C. to add the three new
appointments to the list & mention first class
for the collector of customs, 2nd class for the
superintendent of customs.
