I am directed by the Minister of Munitions to refer to your letter dated the 17th April reference 103/1919, addressed to the Secretary, War Office, and forwarded to this Department, enclosing a copy of a telegram from the Governor of the East African Protectorate.

In reply to the suggestions made, I am directed to point out that the Surplus Government Property Disposal Board of this Department can only authorise Sales to be effected at full current market values, and has no power to make any concession in regard to prices.

It is assumed however, that in the event of the Protectorate Government desiring to put forward claims for the amount of any differences resulting on purchases made by them, such claims will be referred to the ordinary course to the Colonial Office for consideration.
