Case of R. J. Treborn

Rates portion

Mr. Robinson

No reference is made to our letter on 58999/8, but as Mr. Treborn says that our first letter to the Committee was sent to him by mistake and does not give the date at which he forwarded it, possibly they had not received it when this letter was written. However this meets our requirement.

Note to 4412 and say that a letter has been sent from the Committee saying that as he has not reported to them that he requires further treatment they have left the matter in abeyance, but that he is aware that all he now has to do is apply to them. Ad/33/119
