RE-  
REL 8 APR 9

STANDARD 111

Secretary of State,  
Small Office  
R. S. I.

At the last meeting of the East African Section of the Council of Ministers was given to the new Companies Act by the Legislative Council of British East Africa, intended to draw the attention of the public to Section 127 (a) of this bill which is intended to amend the law relating to trading companies and associations in British East Africa.

I have endeavored to call the attention of the Secretary of State to the fact that the bill is intended to amend the law relating to trading companies and associations in British East Africa.

The bill seeks to amend the law relating to trading companies and associations in British East Africa. It is an ordinary provision of a company law which provides for the registration of a company in the country in which it is incorporated. A provision is inserted in the bill which provides for the registration of a company in British East Africa. This provision is intended to provide for the registration of a company in British East Africa.

It is difficult to see how the bill is intended to be of any benefit to the public. It is intended to provide for the registration of a company in British East Africa. This provision is intended to provide for the registration of a company in British East Africa.

Another unusual provision of the bill is intended to provide for the registration of a company in British East Africa. In view of the fact that the bill is intended to provide for the registration of a company in British East Africa, it is intended to provide for the registration of a company in British East Africa.

Members of the East African Section consider that  
advisable to disclose information of this character  
as it affords useful information to com-  
mand in these circumstances it is hoped that the  
State will cause enquiries to be made as to  
detailed information is necessary.

With compliments,  
I am,  
Yours faithfully,

409

CHARLES E MUSGRAVE

Secretary.
