M. Robinson

No 4936

As to last we are awaiting a reply from
the O.A. to the despatch on 5076/18.

~~account M.A. report~~

27/1/19

Leant. Anstruther called today with an
application to the Director of Appointments Department,
Ministry of Labour, and asked that the statement
at the bottom of it to the effect that the application
was approved might be signed here. After speaking to
you I signed it for the U.S.P. C.O.

I gave Leant. Anstruther the substance of
the M.A.'s report (4936). He adds that Mr. Daniel
told him that he should not return to a national
climate at all. He has decided to remain in high
altitude regions but I said we had still no reply

Subsequent Paper.

a

from S.P. and that I did not think he need take
any notice of the communication from the DM!
D. S. Salmons

I asked him to report in a week's time
about employment and warned him that his
commission might be terminated at any time.

Wray, W. - 10 day

Stone

Called again. His application for employment is
now before W. I said he had better write to W.
in a few days time saying what he is trying to do.

The Under Secretary of State,
Colonial Office,
London S.W. 1.

Sir,

I reply to your letter 2273/19 of 17/1/19.

It is evident I shall never be fit enough to resume my former employment which was "lyamiding and gold ore smelting" on the "Shamva Gold Mine", which was really hard work, and that I shall have to take up lighter work, this is the reason I applied for a Civil Appointment as I feel sure I could give satisfaction, never having failed in any employment I have taken up.

I served on the Repatriation after the Boer War, in charge of "Wabaling Dist", on the Transvaal Native Census and Locust Dept. I received a letter thanking me for my services.

I have seen your Medical Adviser, and no doubt by now you will have received his report.

(continued.)

(2)

(3) I have a copy of the order of my promotion to a Commission which dates from 5-1-17 (within establishment) Authority A.M.S. 1046/35, dated 8/1/17. Second portion of (part) in your letter noted.

(4) I have received from D.M.L. Darvelam following "As this Officer (myself) has been invalided to England and will presumably not be serving again in view of the termination of hostilities the necessity for replacement of hit does not exist unless a certificate can be produced showing that he had already re-equipped himself.

This surely should have gone through your Office, I am wondering if the D.M.L. expected me to go about naked, I forwarded you certificate of replacement of hit and Claim which was considerably less than my loss and also less than it has cost me to replace by half the amount.

I am, Sir,

Your obedient servant
E.F. Bastruther Lt
