The C.A. have sent a memo to me asking if they should refer to S.P.R. regularly, & I answered in the affirmative, as we have no record of his services here.

I tell it to that the C.A. have been requested as above, & that he should apply for the same.

Major Siva writing the above etc. has left the attached copy of S.P.R. which, I think, we can take as genuine though it is somewhat mutilated. I have stopped the memo to the C.A. His had papers show that he is a lieutenant & another C.A. to whom I have written a letter of appreciation for his services 5.17 1919 (see also 5.17/19)
