Before I left East Africa the question of increase  
to Protectorate posts was under discussion &  
it had been for some considerable time  
in some months that in the case of K.A.R. officers  
matters had been settled that increase of pay  
from 1st October 1915 was being paid.

The matter was under discussion in East Africa  
Command then considered other Protectorate  
posts to be on the same basis as K.A.R. and  
would be glad to know therefore what decision  
has been arrived at regarding increase  
of pay for Protectorate posts.

Yours truly,

Your obedient servant

R. S. Hambley
