Major Edward  
By Heasly

New Brompton

This man called twice last  
week and said he was returning to S Africa on  
Saturday last (perhaps he is in the Edinburgh  
Castle and is still held up). He complained  
that he had got no satisfaction out of the  
E.A. or Rhodesian authorities by way of  
treatment or compensation. I told him that  
we had no information about him and that all  
we could do would be to send his papers to  
the Gen of E.A. with a request that the case might  
be taken into the appropriate action taken  
I promised that we would do this. He said he  
was well in the E.A. and that he was that  
anything more from the C.O. could carry more  
He might have had 9/10 but  
was a good man!

wright I said that I had no doubt that his  
case would be correctly treated.

Copy all to Geo for consideration &  
appropriate action, adding that the writer  
called him and appeared to be dissatisfied  
with his treatment in regard to compensation  
and medical treatment.

The bearer Mr. J. Hannaford  
lives in this district & I understand  
has been under your care in Salisbury on  
several occasions. He has been on service in  
India & has not been fit since his return  
eight months ago his heart began to  
trouble him & as he did not improve under  
treatment I sent him to the coast.  
Here he got much better & improved in every  
way. He returned here about a month ago & since  
then has fallen away. I have recommended him  
to remain in the coast for an extended period.  
It would be better for him to sell out & leave this  
world, but doing so now would mean  
disposing of all his assets at a very low price  
unless your Association could do anything  
for him with a view to the coast.

Yours very sincerely,  
A. H. Mackenzie.
