Dr's account for count
2007
20/10/10

Dr Snow (who preceded Dr. Lawson
Johnston in this work) says up to my
knowledge to say that the Ap.
account is had also since this
time - I explained that we understood
the position.

He will trust that W.D. Driggs
had been sound up & that we
should probably not get a reply
from Dr. Lawson Johnston. He
said that we should be safe
in saying that there was
now no objection to the removal
of the name & the D. Driggs
left.

So tell to my Dr. Lyle

that we have done so.

Dear Mr Bottomley,

I thank you for your letter of the 28th June.
It is difficult to understand why the old regulation
with reference to the export of hides from East Africa
still remains in force. There is at present no re-
striction whatever as regards the import of hides into
this country, and I assume that restrictions such as the
one referred to which originally emanated from this De-
partment should have been dropped.

Yours sincerely,

Geo Lawson Johnston

has now had a letter from

~~they say that they understand~~
~~that the old regulation which~~
~~prohibited~~

they say that they understand that
all restrictions on the export of
bikes, have been removed,
but that in spite of this "the
"old regulation" ^{which} prohibited the
"export of all bikes under 8 lbs
"in weight is still in force"
"in California."

Would you be good enough to
let me know how the matter
stands now as regards
the ~~prohibition~~ export of bikes of
less than 8 lbs. weight to
