No services could be postponed to provide funds for further works chargeable to new loan. (2) This is a answer to last para: of our desps. on 4/3/14 & does not arise how we can see our way to getting the money.

(3) is also unnecessary now. In any case the Treasury had refused, in another communication, to let us draw on the £128,000 balance of the £250,000 loan, loans not issued by the terms of that loan. [The total ~~is not clear~~ 2 of the £250,000 has gone wrong in the tel & as occurred, but the reference to harbours works cleared it up.

(4) Road construction does not appear in the list of works to be provided for at once, & the Governor's very curious view of the matter is being

REC  
REF 29 JAN 15

PARAPHRASE,

**TELEGRAM.** The Governor of the East-Africa Protectorate to the Secretary of State for the Colonies.

(Received Colonial Office 5.35 p.m. 28th January 1915)

January 28th.

Your Confidential despatch of December 10th.

I have not been relying upon the provision of funds from the new loan other than for services as detailed in your confidential despatch of January 4th. No services could be postponed to provide funds for further works chargeable to the new loan. If balance (group un-assignable) \$50,000 loan could be paid over, we could temporarily utilise the portion earmarked for harbour works and adjust the transaction when the equivalent amount of the new loan is made available. It is desirable that by, say, June funds should be made available for road construction.
