VACCINE LYMPH SUPPLIED TO UGANDA & ZANZIBAR

States that since 1908 lymph has been supplied to value of £315-10-0 and £123-12-0 respectively. Owing to no claim having been made considers payment in full should not now be demanded. Is accordingly only submitting claims for lymph supplied since 1st April 1914. Requests sanction to write off £268-8-0.

Mr. Read - About quite sure why the E.A.P. should be so generous. If, as I presume, sufficient evidence can be furnished of the supplies to Uganda and Zanzibar it seems to me that they should be asked upon to pay the full amounts due of them, the question of writing off being occasional in the event of such a return. After regarding the claim

Reply accordingly
