With reference to despatch No. 213 of 29th July last from the Governor of Uganda to you, forwarding Mr. E. E. Filleul's application for an appointment as Assistant District Commissioner, I have the honour to furnish, at Sir F. Jackson's request, such information as to Mr. Filleul's fitness for an appointment as can be obtained here.

2. Mr. Power, Acting Provincial Commissioner, Jubaland, where Mr. Filleul lived for some time, characterizes him as steady, honest and a clean liver, and adds that he is well educated, though not particularly brilliant, and appears well qualified for administrative work.

3. As you are doubtless aware, his brother, Mr. P. R. Filleul, is an Assistant District Commissioner in the Protectorate service.

I have the honour to beg

Sir,

Your most obedient servant,

Mr G. Fielder: We have been unable
to trace the necessary Ord^{ce} called
the Native Census Ord^{ce}. I
think that the ^{Resolution} must ~~be referred~~
to the Native Registration Ord^{ce} (passed
Jan 15) which has been decided
to suspend until after the war. I
suppose that the idea is to have a
system of universal registration, as
in other countries.

saying that we have been unable

with the title of "Native Council Ord^{ce}"

+ that it is assumed that the

will have learnt from our deep:

N. 676 of the 19th of deep: that
it was considered desirable to
suspend it until after the war
- the ground for this decision being
that the native surveyors should

of their movements, + that in present

Should not this be published
 through Press Bureau with an addition to
 the S.P. in reply has expressed his gratification
 at the good spirit of the communists
 represented at the meeting?

W.H.

I suggest something, in the way
 of words bracketed, as they might be
 misunderstood as having an oblique
 reference to the situation at home.

 which is a representation of the situation.

This telegram should now be read
 with the second, around yesterday evening
 to check the space up to the
 things.

The telegrams are obscure in two respects. (a) The notice carries (!) shall be 'Registration' advance. Do not really initiate compulsory service (passage under a first telegram). (b) It is to be assumed that the Registration advance now proposed applies to non-natives only & white Indian. Goance. But passage marked B in 2^d telegram makes this not quite certain.

I assume even so that the Govt intends first a registration law of non-natives.

Second to proceed on information so gained to compulsory service of non-natives.

We show telegram to Governor
(a) asking if this assumption is correct
(b) approving (if true).

I will have nothing to delay -
with it say or askward from this
moment but we cannot afford to
delay this decision & enthusiasm.

I would however not publish
through the Press Bureau at present
even tho' the news may now
(at the Public sitting) be likely to come out.
