*1. We must remember that we
are liable to be told later that
local labour could be forthcoming
if adequate wages were paid
normally I should think a heavy
case for unskilled labour is
the work of high rate of salary,
which is not what we want to see
labour simply means a withdrawal
from the amount available for
culture or whether in or out of
the Reserve.*

the uselessness of considering N. Rhodesia in this
connection -

As to Nyasaland, there is a possibility. Though
the probability of any skilled labour is small.

MEMORANDUM from the Governor of Kenya to the Secretary of State for the Colonies.

Dated 9th October 1925.

(Received Colonial Office 7.10 p.m., 9th October 1925.)

No. 455. 9th October.

In view of the possibility of a large Public Works programme in 1926 consider it advisable to secure skilled and unskilled labour for Public Works if possible from neighbouring territories either direct or through contractors. Shall be glad to learn from you what possibilities there are of recruiting in Portuguese East Africa or in any other African territory and what the attitude likely to be towards any such recruitment scheme.
