of the 30th of April, regarding the
collection of Wilson's Warbler

Please see certificate from

Dr J. H. Remm. T.T. 2. 11. 3. 1925

Also, Dr R. P. Jewell. T.T.

As these Officers were erroneously advised as to the amount to be contributed by them, I should be glad to receive your views on the question of a refund. I may add that neither of the officers concerned has applied for a repayment, and, as any refund would reduce the amount of pension payable, it is probable that they would prefer the position to remain as it is at present.

I am keeping this matter pending until I receive your comments on the subject.

* * * I have the honour to be,

Gentlemen,

Your obedient servant,

(Sig'd. H.W.H.A. M.)

for Treasurer

-2-

As these Officers were erroneously advised as to the amount to be contributed by them, I should be glad to receive your views on the question of a refund? I may add that neither of the Officers concerned has applied for a repayment, and, as any refund would reduce the amount of present payable, it is probable that they would prefer the position to remain as it is at present.

I am keeping this matter pending, until I receive your comments on the subject.

I have the honour to be,

Gentlemen.

Your obedient Servant,

(Sgd. H.W.BALDWIN)

For Treasurer.

The Treasury,

Nairobi, 10th March, 1933.

Recd. C.A. 14th April.

Gentlemen,

Widows' and Orphans' pension Scheme.

It has come to my notice that Dr. J. R. Thompson, Medical Officer, and Mr. H. B. J. Gove, Postal Clerk contributed to this Scheme in 1928 at a rate higher than that applicable to their scales of salary and I shall be grateful if you will let me have your advice on the subject.

Dr. Thompson was then drawing £700 on the scale of £600 - £900 but as there is an efficiency bar at £800, his maximum for the purposes of this scheme was £800 and his contributions should therefore have been at the rate of 2% per annum. Your notification No. 1386 K. H/24638 dated the 13th September, 1927, however, stated that his normal contribution would be at the rate of 2½ per annum i.e. that applicable to a maximum salary of £900 and contributions were recovered at this rate, in addition to his voluntary subscription of £32. 10. 0 per annum, during the period from 1st October, 1921 to the 31st October, 1927. It would appear to be an excess-recovery; therefore, on 1st Oct. 1927 Dr. Thompson was transferred to Langonyika on 1st October, 1928.

The case of Mr. H. B. J. Gove is similar. His scale of salary was £150 to £250, whilst your notification No. 714 K.P., of 5/2/29, requires him to contribute 2½ per annum i.e. the rate applicable to a maximum salary of £250. He did not contribute at this rate, in addition to the rate applicable to the period from 1st October, 1921 to the 31st April, 1928, when he was transferred to Langonyika. In this instance there appears to have been an excess-recovery of £4. 18.

The Treasury,

Nairobi, 10th March, 1925

(Recd. C.A. 14th April)

Gentlemen,

Blacks and Orphans' Pension Scheme.

It has come to my notice that Dr. J.H.Thomson, Medical Officer, and Mr.H.B.Joss, Postal Clerk contributed to the Scheme in 1923 at a rate higher than that applicable to their scales of salary and I shall be grateful if you will let me have your advice on the subject.

Dr.Thomson was then drawing £700 on the scale of £600 - £900 but as there is an efficiency bar at £800, his maximum for the purposes of the scheme was £800 and his contributions should therefore have been at the rate of £40 per annum. Your notification No.1386 K.P.D.P.5433 dated the 13th September, 1921, however, stated that his normal contribution would be at the rate of £45 per annum, i.e. that applicable to a maximum salary of £900 and contributions were recovered at this rate, in addition to his voluntary contribution of £23. 10. 0 per annum, during the period from the 1st October, 1921 to the 3rd October, 1923. There would appear to be an excess-recovery therefore, of £15. 1. 6. Dr.Thomson was transferred to Tanganyika in October, 1923.

The case of Mr.H.B.Joss is similar. His scale of salary was £150 to £290, whilst your notification No. 774 K.P.D.P.5829 registered his contribution at £18 per annum i.e. the rate applicable to a maximum salary of £300 per annum. Mr.Joss contributed at the rate of £18 per annum during the period from the 13th September, 1921 to the 30th April, 1923, when he was transferred to Uganda. In this instance there appears to have been an excess recovery of £4. 18. 0.

question of a refund of contributions overcollected.

Dr.Thomson was transferred to Tanganyika Territory on the 4th October, 1923 and still contributes at £67.10.0 per annum i.e., £45 scale rate plus £22.10.0 additional annual contribution whereas the appointment of Mr. Jones, who was transferred to Uganda on the 1st May, 1923, was terminated on the 26th August, 1924 but he remains covered for a widow's pension until the 15th August, 1925.

The Scheme has been under risk in both cases to pay a pension at a rate applicable to the contributions actually made by these officers and it seems doubtful whether we should offer refunds.

On the other hand if we are legally compelled to refund the contributions overcollected it would appear that ~~it~~ should be done as early as possible in order to relieve the Scheme of the extra risk, as Dr.Thomson could very well wait until all benefits under the Scheme had lapsed and then ask for a refund of the contributions overcollected. Similarly Mr. Jones could ask for a refund after the expiry of the 3rd period for which he remains registered for a widow's pension under the Scheme.

The case of Mr. Caldwell, Assistant Auditor, Tanganyika Territory, concerning which we minuted to you on the 10th APRIL, is similar to the above cases, and we shall be glad if you will please inform us whether a refund should be made in this case also.

Mr. Caldwell is married and commenced to contribute on the 26th January, 1925. We assessed his Widows' and Orphans' contributions at £50 per annum but were afterwards informed by the Government of Tanganyika Territory that there was an adjustment in his scale of salary at £500 per annum. Contributions have therefore been overcollected at the rate of 20 per annum with effect from the 26th January, 1925.

SLF/A
Mr. Jewell,

Colonial Office.

C.O.
20430

6 MAY 26

I enclose herewith a copy of a letter from the [redacted] Governor, Kenya, regarding the collection of Widows' and Orphans' Pension Scheme contributions from Mr. J. H. Thompson and Mr. H. R. Ross, Postal Clerks at rates higher than those applicable to their scales of salary and shall be glad if you will let us know what reply should be made.

When Mr. Thompson first became a contributor to the Scheme i.e., on the 1st October, 1921, the Government of Kenya furnished us with his officer's Statement of Particulars, which showed that he entered the East African Service in 1913, and ticked in red ink the entry that his maximum was £900 per annum. Consequently we assumed that he had passed his £800 bar and assessed him for Widows' and Orphans' contributions on his maximum of £900 per annum and a notification to this effect was sent to Kenya on the 13th September, 1921.

A Statement of Particulars form was also the only information furnished by the Colonial Government in the case of Mr. Ross, who became a contributor on the 13th September, 1921, and in the absence of any particulars concerning his salary, he was regarded for the purpose of the Scheme as on the usual scale applicable to Postal Clerks i.e., £800-15-£850 per annum. Contributions were therefore assessed at £18 per annum and a notification of this sent to Kenya on the 12th June, 1922.

The enclosed letter from Kenya points out that these assessments were wrong and asked for our views on the question.

The sum her was due to an amount
assenting at the rate of 6d. from 10 May 1921
to 30 April 1923, ^(Legal) he should have been allowed of
£15 instead of £16 a year; from 1 May 1923 to
31 Aug. 1924 (three) his amount was £600;
so that was correct.

The balance

This also is a case of "young"
not offering less.

He has brought a institution in all
this time not been entitled beyond the 1st of Aug.
Should be applied to the first of Aug.
otherwise

Ref. 25-3-15

There can, according
to me, be no objection to the
sums being carried over, so that
the money to you or again
to yourself may well go
on, of having a refund with
interest at 5% or leaving the
matter until wanted.
