This Parcel explained to me by telephone that the I.R. had been misunderstood when CA/28819/25 was made. Consequently his seals computation on that paper which, according to what I said to the CA, understood to be the border, was wrong was actually right, so far as the immediate point is concerned.
The first basis of the I.R. letter is not too clear - but the Parcel, with what I have now discussed, has explained the matter.
