It appears they want to telegraph approval
 for meeting applications for £100 - £450.
 I am very doubtful about this matter
 because and do not want to be
 committed to anything until we have
 discussed with Mr. Kelly. I understand
 from Mr. Kelly that the Port Captain
 and Finance Dept. will continue their
 present duties relating to fuel, stores,
 baggage, lighting etc. with the Port
 Manager to control the lighting of
 lamps at present has both the
 lighting companies. That implies long

negotiations with the shipping
companies, see page 11 & 12
of Dispatch 24555/100. The
one offer was not actually
taken up by the director until we
agreed to with the shipping
companies have been terminated
by us with notice, but we
doubt if he was a good
man to negotiate for us
for the negotiations.

As the reason for going
down is that we are going
to have some difficulties
in negotiating our transport
arrangement I think

by 7-10 draft bill left by
the Party, which has
been proposed by the Railway
I get tired of mounting a
difficulties after a few days!

I think they should be
plenty of time to call for

applications after the following gets
back and we could discuss our
candidates with him but when
we know the dates and
qualifications.

* Telegraph would prefer to
negotiate with following party but
applications are to be invited
after the date

The next response seems to
have no relation with
members of the Railway
Board.

I do not see that
anything is lost by calling
as proposed!
