Sir,

Since it became known that the prohibition formerly in force against the entry of German nationals into Kenya has been abrogated, enquiries have frequently been received at the Emigrants' Information Offices in Germany and at this Embassy regarding the conditions and formalities on which admission to this territory is dependent and the possibilities of work there.

As in dealing with individual cases it has been found that complete clearness does not always prevail regarding the course to be pursued in making applications for admission to and residence in Kenya, I have been instructed to request Your Excellency to be so good as to inform me of the formalities necessary in this respect.

I have, etc.,
