Dated 30th November 1925.

(Received Colonial Office 5.20 a.m. 30th November 1925.)

No. 558. 30th November My telegram of 21st
November regarding railway development. Cameron has sent
us a copy of his telegram to you. Cameron regrets that he
should regard our action as an interference with his
work. I have written to him and hope that this
will be the last of it. On the main question
of the railway and other matters of the points raised by
you may be taken by you before the meeting of the Governors
Conference where all aspects can be thoroughly discussed.
We are most anxious that the result of such discussion
and joint proposals in the interests of all five territories
should if possible be before you when considering
distribution of the Ten Million loan. For the same
reason we should welcome any recommendation of the
Araya Guirza connection.
