

he asks about Tabara in the last paragraph

Percentage is not to be permitted to ~~refer~~ ^{refer} to (1) (2) & (3) as relating to Kenya.

Dear Sir, in ref to para. 4 he will be sent a copy of The ~~Journal~~ 'extract from B.G.S. Journal' which gives a statement of the present position as regards land settlement in Tanganyika.

London, 13.11.20

(1) refer to 0.50 59 Victoria St

(2) your request for licence to be obtained from Local Govt.

(3) hold-land from Govt - land must be purchased in open market

[It is (2) as much as (4), which makes me think that he means T.T. & not Kenya. It is a most unusual question as regards Kenya (where mining has not been found a commercial proposition) but a very common one as regards T.T. I think our reply should make it clear that Kenya = S.E.A. & Tanganyika = S.E.A.]
