Native Hut & Poll Tax.

Consider increase - justified, will be paid willingly, will have imperial effect

J. Fisher to the Secretary of the Home Office

Reply to the Native Hut & Poll Tax
Memorandum of 20/1/90 is urgently
required.

In view of the delay of report from
Mr. E. W. Mackenzie to the Secretary
increases (with the weight of
his despatches & for one behind
him), the Secretary's report
should be prepared.

proposed...
has as an object the driving of the natives
into the labor market.

As you may have to defend this
in the H.C. I sh^d only take effort
as the proposal is strongly supported by the
Govt you are prepared to support, but on
the understanding that other influences are
in contemplation we will enforce a
corresponding increase of taxation on the
non native population
P.S. 28/1

[The Govt hold very strong views on this
question and expect some debate in the
H.C.] P.S. 27/1/10

~~Ed. Grey~~
You have spoken some things
regards to how business men you would
prefer to be... that as this is presumably
part of a general scheme for raising
revenue... you w^d prefer before
deciding to consult the public... in order
to know how the tax... will be
additional taxation... on
non natives?

In the... and today figures are as follows:
12 million Natives £100,000
5000 Europeans £700,000
20000 Chinese
