The Government of Kenya
has received a message from the
E.A. Indian National Congress
stating that they could
not afford to accept the
proposed currency Board
because it does not
include the Indian community.
The Government has
therefore decided to
refer the matter to the
Governor in Council & to
ask the Governor to
consider the possibility of
maintaining the
local currency
Board as at present
and to act as
a medium for remittance
of money to India.
The Government
cannot accept the
proposed Board
because it does not
include the Indian
community.
