No. 128

CONFIDENTIAL

COVERNMES TO TOUSE:
NAIRORI.
DATE OF UL 21
26th May 1921

Sir.

GN 22822

With reference to Lieutenant Colonel
Notley's despatch Confidential, No.81 of the
11th April on the subject of the conditions of
service for the Non-European staff, I have the
nonour to report that the practice adopted here
has been to pay officials serving on florin
salaries, the same number of Rupees as they are
due Florins, whilst they are enjoying the
privileges of leave or pension in India.

2. Owing to the fall in the value of the Rupee, cases have occurred in which officials have waited to draw a portion of their leave-pay until they have returned to Kenya, in order to obtain the resultant benefit on the exchange. The Treasury Department have met this subterfuge by issuing pay locally at the rate of exchange current on the date when the salary was due in India. In my opinion this action is entirely justifiable. The Non-European staff gained an automatic advance of 50 per cent on their

emoluments

shillings, and the increase will prove a permanency as compared with the Local Allowance new drawn as a temporary concession by the European civil servants in compensation for the enhanced cost of living. It is only fair, therefore, that both branches of the service should be called upon equally to forfeit a proportion of this advantage when they leave East Africa.

misunderstanding by a definite decision on the point and, after consultation with the Governor of Uganda, I recommend, with his concurrence, that the practice referred to in the first paragraph of this despatch should receive your confirmation and should be notified as the approved procedure in all cases. Pending receipt of your views, no change is being introduced into the arrangement hitherto prevailing.

I have the honour to be,

Your numble, shedient servant.
