We must hope that the Government's ^{expectations} ~~of~~ us to the expenditure under C. will be realized. Meanwhile ^{? Mr. Battenbox} ~~you~~ will wish to note the estimated debits to Kenya funds.

We may be able to make something of the point that the six months scale for local Force passages was only notified in March 1919 (vide para. 4 of our despatch on 24332/21) though in point of fact there were probably very few local Force personnel released before that date.

We have already represented the special local conditions in our letter to W.O.

on 11550/21, para 3. I think
the grounds for special concessions
under the head are good
and we might pass W.O. to
bein passages up to 12 months
or so on Commission charges.

I do not think, though,
that we should pass W.O.
for revenue until we can
get firm figures on Sept. 30th,
and we may meanwhile

expect a dispatch in reply to
ours on 24382/21 which
should be of help.

That might perhaps want
for the estimate to all in
the return.

I put after the
last paragraph of the
