REC-23 MAR 01

A. G. KING 190

1920

26th FEBRUARY

DR J. H. NEILL  
TEMPORARY MEDICAL OFFICER

previous Paper.

25/19

Is proceeding to England and is entitled to passage and one month's leave pay. Is willing to join permanent service. Recommends application. Is of opinion temporary service might count for probation but not for pension or seniority. Requests early information as to terms on which such transfers will be approved.

Mr. Botthandy

Dr. Neill & others were engaged in our  
year's service at the very high rate of £600, in  
special circumstances which are not likely to be  
repeated. In the particular case of Dr. Neill, and  
in any other that may arise I think it would  
be desirable to have a...  
...before his permanent appointment  
is approved. Any such permanent appointment should,  
I think, be on the usual scale of £400-£500  
-£25 - £100 + £60 duty, boarding allowance, but  
at £420 as from the beginning of the seventh year  
temporary service, and with only 2 years probation  
instead of three.

Dr. Neill's 614

We had been asked by [unclear] & say that as regards para 3,

Syds. has decided that temporary service will count for pension & gratuity if no break

between admission to permanent

staff - & that it may count for promotion - <sup>that service may also</sup> ~~that service~~

be reckoned for date of temp. appt.

altho' it will have all

the practical result 21.7.20

of promotion to higher

rank appt. in 1920
