Dear Sir,

We have to thank you for your letter of October 29th informing us that you are causing four additional copies of Professor Gregory's "The Rift Valleys & Geology of East Africa" to be purchased for transmission to the various East African Administrations.

We note further that the East African governments will be asked whether they desire further copies to be purchased on their behalf, and if they do, we will no doubt hear from you again.

We are, dear Sir,

Yours faithfully,

Dear Sir,

We had the pleasure of writing to you last April about a new and important book on the geology and geography of East Africa by Professor J.W. Gregory, F.R.S. which we expected to issue very shortly. At the time we pointed out that the volume was of a scientific character and would be of great use to Administrators and other Civil Servants in the parts of Africa dealt with.

In your reply you advised us to send you a copy of the book when it was ready, and that Mr. Secretary Churchill would refer our suggestion to the Governor of Kenya for his consideration. "The Rift Valleys & Geology of East Africa", as the book is entitled, is now ready so we have much pleasure in sending you herewith a copy of it.

You will notice that the price of the book 3s/- nett is clearly given on the back of the paper jacket.

Any other information you would like to have, or if you think it advisable to send one or two further copies to other Administrators with a view to the book being taken up in several
