2. In my confidential despatch of  
of November 1874 I replied to Your Lordship's  
Confidential Despatch of November 1874 and  
dealt with the general question of the legal  
status of the Indians, and in my confidential  
Despatch No. 49 of March 1875, which was  
prepared before the receipt of Your Lordship's  
Despatch now under reply, I dealt with certain  
specific matters on which my views had been  
requested.

3. I regret that, on the subject of the  
representation of Indians on the Legislative  
and Municipal Councils, I have not  
opinions which could be stated in the  
in Paragraph (a) of my letter of  
letter of 1874. I would have been  
of course glad to have done so.
