## MINUTES

Circumstances.

Please check the figure in this tele-  
 gram. I should have expected "18 shillings".

1.C. 1923.

Mr. Bushe.

The amount of 18 Virisi = 11.44  
 Lira = 1.2 Shillings. As it is written in  
 previous telegram, I will take it in  
 account.

*Mr. Bushe*  
*Sir H. Read*

P.D.L.I., 1923.

As the 10000/- is not due, the 10000/- in the  
 sum of 18 Virisi in Mr. Read's letter 5783, is not  
 due.

Two points arise for consideration:

- (1). I am not happy about the reconsideration after two years: it would be very difficult to level up. On the whole I should say

Subsequent Paper

that

that it would be best (if possible) to insist on the completion of the draft lease (copy just below) and grant the new terms as a temporary concession revisable after two years. That would place us in the better position and dispense with the necessity for an elaborate new instrument.

(2) I do not think there is any special virtue in the sentence about the Magadi Railway being worked as an integral part of the Uganda Railway: it is connected with what goes before: i.e. the General Manager has to supply rolling stock &c., for the whole and not for one part rather than another.

We have to remember:-

(a) The interests of the shareholders: when the scheme is put to them they should be free to raise any points in which they consider themselves prejudiced in relation to other parties concerned, and their views will influence the final decision of the Secretary of State.

(b) That the liabilities of the old Company to the Government in regard to freight and royalty must be paid off. Their amount, I think, to about 26,000.

If it is decided that the scheme outlined in 37355 is in other respects satisfactory we should give the Company the substance

of the telegram, make the points (i), (a) and (b) in the foregoing, and say that on hearing that the arrangement is accepted by the shareholders, the Secretary of State will arrange for the necessary instrument to be prepared by the solicitors of the various parties with a view to its being submitted to the Governor [and, when it is completed, to the necessary application being made to the Court for the discharge of the Orders against the Company.]

W.C.S.  
19.9.23.

Bona fide, but  
in Africa 1870  
must be altered

H.B.

The precise method of completing the agreement - is whether it should be made with the existing Co. before its dissolution & assigned to the new, or whether it should be made direct with the Co - we can't think leave to the solicitors. But on the principle is voted? agree with what Mr Bottomley says in (1) of his minute. But now a temporary concession be acceptable? I'd think not. And on what basis to revision to proceed & what happens if within two years to parties cannot agree.

The Govt seems to lay great stress on the free soda. If he only contemplated certain rates corresponding to enhanced free soda (if any) could he not agree on a formula now - I suppose some part

if so demands  
more vague & general.

of the telegram, make the points (i), (a) and (b) in the foregoing, and say that on hearing that the arrangement is accepted by the shareholders, the Secretary of State will arrange for the necessary instrument to be prepared by the solicitors of the various parties with a view to its being submitted to the Governor [and, when it is completed, <sup>with a view</sup> necessary application being made to the Privy Council for the discharge of the Orders against [REDACTED]]

W.C.S.  
199.23.

*(Handwritten notes on the left)*  
From 10 A.M. but  
present 18<sup>th</sup>  
- slightly  
*H.B.*

The precise method of completing the  
Arrangement - is whether it should be made with the  
existing Co before its dissolution & assigned to  
the new, or whether it should be made directly to the new  
Co - we can I think leave to the solicitors.

But on the precise method I agree  
with what Mr Bottomless says in his  
minute. But with a provision in case it  
be unacceptable to His Excellency that  
is to remain to proceed with reference in  
two years to a fact or circumstance.

The Govt seems to day best disposed to  
fixe Isoda. If he only contemplates  
returning to us according to enhanced  
price Isoda (if any) could be not agree  
on a formula now - I suppose some ratio

*If for demands to  
average profit.*

could be discovered enabling us to  
give a grading scale of revision based on  
Africa? Costa?

It would be a wise task for wants  
revision on the several grounds in  
which case there can be no trouble.

At present we will as suggested &  
decide to do it as they:

here for final approval

Governor.

46021/1923.

DOWNING STREET,  
15<sup>th</sup> October  
September, 1923.

Sir,

With reference to the letter from this Department of the 14th of August, I am directed by the Duke of Devonshire to inform you that a telegram has now been received from the Governor of Kenya regarding the proposed reconstruction of the Magadi Soda Company Limited.

2. The Governor states that, after consulting his Executive Council and the General Manager of the Railway, he is willing, if it is necessary to secure the reconstruction of the Company to agree to the new rates, freight and royalty inclusive, proposed in the enclosure to your letter of the 25th of July, viz., Up to 50,000 tons a year, 18s. 6d. a ton

" 150,000 " " 17s. 0d. a ton

Over 150,000 " " 16s. 6d. a ton,

but

CAPTAIN THE HONOURABLE WALTER SAMUEL  
DIRECTOR  
MAGADI SODA COMPANY.

but that his acceptance is conditional on proof by  
the Company of the present low value of their soda.  
In the despatch sent to Kenya it was stated that  
calculations must be based on a figure of £3. 15. 0 per ton  
of soda ash at Kilindini.

3. The Governor considers it essential that the  
above rates should be liable to reconsideration after  
short period of working, say two years, and that the  
company should satisfy the Government by production of  
accounts as to the selling price of its soda from time  
to time. As regards the arrangements for reconsideration,  
the Secretary of State is of opinion that it will be  
best that the lease agreed upon at the end of 1922 should  
formally completed and a simple instrument be prepared containing  
the necessary temporary modifications. The form of this  
instrument and the question whether it should be entered  
to by the present Company, which would assign it to  
a new Company, or by the new Company, can be left over  
the advice of the Solicitors to the several parties.

4. The Governor states that the Uganda Railway would  
take all reasonable steps to provide the rolling stock

required

required, but that they cannot undertake to keep rolling stock standing to meet possible maximum requirements, the Magadi Branch must be worked as an integral portion of the Uganda Railway.

5. He adds that the draft of the contract should be submitted to him for final approval.

6. In addition I am to observe that the Secretary of State considers it of importance that the views of the shareholders in the present Company on the proposed terms of reconstruction should be fully elicited. They should be free to raise any points in which they may consider themselves prejudiced in relation to other parties concerned, and their views will influence the final decision of the Secretary of State.

7. Further, it is necessary that any liabilities of the present Company to the Government of Kenya, whether in respect of freight, royalty, or otherwise, should be paid off before or at the time of the formation of the new Company.

8. On hearing that the proposed settlement

is

is accepted by the shareholders and by the other parties concerned, and on receiving such information as will enable him to satisfy the Governor as regards the present value of the Company's soda, the Secretary of State will be prepared to arrange for the necessary instrument to be prepared, in consultation between the Solicitors of the parties, with a view to its being referred to the Governor for approval.

I am,

Sir,

Your obedient servant,

(Signed) H. C. READ

1st October

Oct. 1923

Sir,

With reference to the letter  
from this Dept. of the 14th of  
August, I am to tell you

DRAFT.

Dear Mr. Hon:

Walter Samuel  
in  
the Soda Co. Ltd.  
MINUTE.

that a telegram has now  
been received from the Govt. of

Kenya regarding the proposed

Mr. Stevenson 22/9/03, reconstruction of the Mombasa

Mr.

Mr.

Mr. Davis.

Sir G. Grindle.

Sir H. Read.

Sir J. Masterton Smith.

Mr. Ormsby-Gore.

Duke of Devonshire.

Soda C. Ltd.

2. The Govt. states that, after  
consulting his Executive Council  
and the General Manager  
of the Railway, he is willing,  
if it is necessary to secure  
the reconstruction of the C.,  
to agree to the low rates,  
freight and royalty allowed,  
proposed a teleconference to you  
after the 25th of Aug., viz.,

make up  
as they will be  
in later.

J. Stevenson 11/9  
think that  
it is better  
before it is signed &  
put M. J. S.  
24/10/23

Up to 50,000 tons year,	18s. 6d. a ton
" " 150,000 "	17s. 0d. a ton
<del>Over</del> 150,000 "	16s. 6d. a ton,

but that his acceptance is conditional on proof by the C° of the present low value of Soda. At the debate sent to Kenya it was stated that calculations must be based on a figure of £3.16.0 per ton of soda ash at Mombasa.

3. H. Gonneau considers it essential that the iron rates should be left to reconsideration after a short period of working, say two years, and that the Company should satisfy the Govt by production of money and other selling power of its works for the time. He said the most appropriate reconsideration, and off course majority of opinion held it would be best that the law should stand as it

is now, but that the end of 1922 should be formally completed and a simple statement be prepared to contain the necessary temporary modifications. The form of this statement and the particular changes to be made to be agreed with the new Company, which would consist of both new (Banking) or by the new Company, can be given to the advice of the Ministers (the several parties).
