Native Education
Mr. Wisner's visit to Kenya

It has been obtained loan of services of Mr. Wisner to visit schools in the Sudan for a fortnight in July, next, & suggests covering his journey.

MINUTES

It is a little unfortunate that the Governor did not know a little earlier of the visit of the Phelps-Stokes Commission - or at least of the appointment of the Advisory Committee on Native Education & of Mr. Wisner's visit. The Director of Education's memorandum might have waited until the Commission had arrived.

But Mr. Wisner's visit will not be very extensive & there is no chance in Kenya of taking the opportunity of his visit to be and to give advice in addition to that

I suppose the Gov. is retracting
rather wise, in arranging this
visit, as the total expense
should be well under £1000,
but in view of the approaching
visit of Major Vischer the
visit of Mr. Henry should have
been unnecessary. However it is
not clear that Mr. Henry's
expenses will be of any
particular value for nature, health,
and in transfer education
in Hong Kong
I should say that in the

arrangements have been made the
earliest approval will not be
withheld, but that it would have
been better to consult us before
when the expense of this visit
could probably have been saved
in view of the approaching visit
of the Phelps Stokes Commission.
I kindly think it is necessary
to write to F.O.

Dr. R. Congdon, who has not
been, has usually advised
the idea of an early Phelps
Stokes visit & he is not
likely to have forgotten it.

There has been evidence from
the Press articles that the
Commission is glad to be
allowed to receive financial
aid in favour of technical
education. If the method
on the Council had that
way, the Gov. may well
have written the backing of
a man who had experience
of the Phelps Stokes visit.
