THE MAD MULLAH OF SOMALILAND

BY

DOUGLAS JARDINE, O.B.E.
(Secretary to the Administration,
Somaliland, 1916-1921)

WITH A FOREWORD BY THE RT. HON.
THE VISCOUNT MILNER, K.G., G.C.B.

WITH NUMEROUS ILLUSTRATIONS AND MAPS.
DEMY 8VO. PRICE 16/- NET.

- For upwards of twenty years the "Mad Mullah" defied the whole power of the British Empire. For the first time the story is told of his dramatic rise to power, the equally dramatic life he led and his magnetic power over his followers.
- Extremely mobile, his Dervish fanatics struck and were away before reprisals could be thought of. Expedition after expedition was organised, but without materially affecting the Mullah's power or prestige.
- Mr. Jardine, who was Secretary to the Administration in British Somaliland (1916-1921), has had peculiar opportunities of collecting materials. His book is not only a complete and authoritative record of the amazing adventures of this turbulent priest, but is also a serious contribution to Empire history.
- The Mullah's extraordinary letters to the British authorities are given in full, also the authentic account of the regrettable incidents in which the British forces were involved until, in 1921, the Mullah's fortifications were destroyed from the air. With numerous illustrations.

FORTY YEARS A SOLDIER.

A VOLUME OF RECOLLECTIONS
BY MAJOR-GENERAL SIR
GEORGE YOUNGHUSBAND
K.C.M.G., K.C.I.E.

WITH 19 ILLUSTRATIONS. DEMY 8VO.

PRICE 16/- NET.

- Q A book that deals with all sorts of people, incidents and happenings, and constitutes a record of some forty years of life. It is full of good stories.
- Q It shows ~~some~~ something of the life of the British soldier, sent to the ~~ends~~ ends of the earth — on the North-West Frontier, South Africa, Mesopotamia, the Sudan, and elsewhere, and always it is the same story of happy-natured soldiers, making the best of everything and getting out of life all the fun they can.
- Q During his forty years of soldiering, Sir George served in all our wars, great and small, eleven in number.
- Q There are many very interesting illustrations, although two claim special attention. One is a photograph of Jan Smuts, given to Colonel (as he then was) Younghusband that he might identify him when he was hunting him in the South African War; the other is of the same Jan Smuts in the uniform of a Major-general in the British Army in the Great War.
