MINUTES

I have received the two papers below in the hope of being able to keep pace with these embarrassing results of the Shaw's exercises of St. Paul.

The Muslim Association's proper course is to write or telegraph through the Governor in order that the S. of S. may have his views.

The latest batch of press cuttings (14149) contains references to the African case (593 & 594) but do not show either the language complained of or the final result.

We cannot say therefore
that the Shaw case is
on all fours with that one.

We can either put this
by, or telegraph to the
Gov. that he have had the
protest made for full
reports on both cases. We
shall as a matter of
fact have the Governor
here before the reports (if
not already sent off) can
be received and if he
simply says yes I
should like to speak by.

(The Department Order is
in the margin of 7 Feb.
just below).
