Reports 3 or 4 acres should be sufficient. In the event of an extension of lease being granted the area at present allotted should be curtailed. Is not in favour of a Freehold grant.

- (1) The present 10± acre lease expires in 1929.
- (2) It is clear from this correspondence that the crop cultivation for further should not be discontinued.
- (3) It is equally clear that the present area is too large for crop production.
- (4) Report for the 3rd said in which no grazing is not taking place (see page 19) a "ditch" probably need not be formed around the forest to prevent said forest from getting into the fields.

communication between I.G. and K.
via Soden. R.P. may be
willing to secure this. I.E.F.S.
in turn has to work with us
downs area.

(1) There is no hurry as to renewal
of lease. I.G. has been
receiving letters which would now
definitely rule out the application
for fresh land in 162 & 219.

2. I.G. will say that application
for fresh land was not as uncertain
as the I.G. said it to be - if it -
say that when present lease
expires negotiation of renewal
will, as I.G.'s proposals in
23/12/720 do appear to be
justable. No other matter
will be so ready to forward for
decision when the time comes
according to date of this
report.

(4) En. Dept. to write them off.

Surprised!

See note that in his letter
Mr Johnson has asked the
Cable & Wireless

to see if it is possible to
have a dry dock built
between walls by an artificial
dike and to see the question of the
cable being run near the mouth of the

- would be frequently taken if ships called
there. He is going to write

10. MARCH 1920.

March, 1920.

603.

My Lord,

I have the honour to acknowledge the receipt of Your Lordship's Confidential despatch of 22nd September referring to paragraphs 4 and 5 of Your Lordship's Confidential despatch of 2nd April 1919 regarding the East and South African Telegraph Company's application for a grant of freehold land at Mombasa.

2. I have caused the Postmaster General to report on the requirements of this Company, and he is of the opinion that they will be met, both for the present and the future, by a holding of 3 to 4 acres. This area is shown on the enclosed Map and secures to the Company the sandy bay in which their cable lands. This area is exclusive of the land on which the cable tanks are built and which was acquired by the Company by private purchase.

3. In the balance of the land at present leased to the Company and consisting of some 11 acres, is included some very valuable foreshore,

THE RIGHT HONOURABLE

VISCOUNT MILNER, P.C., G.C.B., G.C.M.G., &c., &c.,

SECRETARY OF STATE FOR THE COLONIES,

DOWNTON STREET,

LONDON, S.W.

an interior section of which is required to compensate adjoining owners through whose property it is desirable to obtain rights of way.

4. The possibility of re-claiming low-lying land and of areas covered by shallow water must be borne in mind, and I am of the opinion that Government should take advantage of any opportunity of re-acquiring land fronting on Kilindini harbour.

604

5. I concur in the opinion expressed by the Postmaster General and, in view of the uses to which a part of this land could be put, I recommend that, in the event of an extension of lease being granted to the Company, the area at present held by them should be curtailed and that a proviso be inserted as recommended in General Post Office letter No. 6758Q/19 of

55/124 September 25th enclosed in Your Lordship's despatch Confidential of October 7th. I am not in favour of a freehold grant.

I have the honour to be,
Your Lordship's
obedient servant,

ACTING GOVERNOR.

THE FUGITIVE ORDINANCES (FOR GERMANY AND AFRICA)

QUEEN'S MINT, LONDON, 1890.

STATEMENT OF THE CASE.

The object of the Ordinances is to enable this Government to effect the return to the territory lately known as German South Africa then in British Military occupation of any person accused of an offence punishable by law in that territory.

The effect of the case was to deprive the Treaty made between Great Britain and Germany of its result of full extradition according to rule with Germany and the fugitive would be under criminal prosecution, however innocent. This position was represented by the local Government to the Secretary of State, and it was suggested that the best course to supply the power of arrest and return of fugitives offenders would be by Ordinance on the understanding that the Government of the occupied territory reciprocated.

This course was agreed to by the Secretary of State subject to the proviso that such legislation should be left to the power of British Military occupation.

The Acting Administrator of the occupied territory sent by Royal Commission under His Majesty's High Marshal being vested with the necessary power to surrender fugitives from His Procurator.

The Ordinance is designed to give or not to the Secretary of State's instructions.

Nairobi,

SIR JOHN DE GOWER

10th day of April, 1890.

Secretary of State
