KILIMNJI HARBOUR

Has approved expenditure of £240 for erection of new beacons. Requests approval for the appt of an additional pilot at salary of £200-£400 subject to general revision

*In reply*

Your approval is needed for this new staff. We must certainly have a separate pilotage staff, but it will be a long time to see the result of the A's Bidcomms to get a man at the money.

I approve & my C.A. will be contacted to interview a candidate.

Letter C.A. accordingly - £150-£200 per year per annum

PROTECTORATE

GOVERNMENT HOUSE,  
NAIROBI,  
BRITISH EAST AFRICA.

24 April, 1930.

My Lord,

25082

I have the honour to report that I have approved the expenditure of £240 for which provision is being made in the Estimates for the erection of new beacons on Kilindini Shoal and Buchanan Rock in Kilindini Harbour.

2. The present tripods are fast rusting away with age, and it is very necessary that dangers to navigation should be efficiently marked by concrete beacons. I trust that my action will meet with Your Lordship's approval.

3. A further requirement of the Port Department is the engagement of an additional European Pilot. In the absence of Mr. Sargeant on leave, there only remains one European Pilot to deal with the increased shipping. The earnings of the pilotage service makes this branch more than self-supporting and unless Pilots are available loss of revenue will result to the Protectorate and the repute of the Port will suffer if vessels

vessels are delayed through the inability of **353**  
Harbour authorities to provide a Pilot.

4. I should be grateful, therefore, if Your Lordship would approve the appointment of the additional post for which provision is being made in the Estimates and would cause the engagement of a suitable candidate to be made at the first opportunity. The emoluments attached to the post are £250 - £400 subject to the general revision of salaries.

I have the honour to be,  
Your Lordship's  
humble, obedient servant,

ACTING GOVERNOR.
