We claim that the hardship inflicted upon us by excluding us from the privileges conferred upon all the members of the Non-European Clerical Staff except ourselves be a special case which should be referred to you upon its merits.

3. In the Report of the Special Commissioner, Sir Alfred Laseelles, it does not appear anywhere that the Local Commissioners' Report on this subject of the War Bonus and House Allowance is rescinded but on the Appendix to Special Commissioner's Report, Note 7 it is stated "where no provision for Africans subordinates (not African Members of the Non-European Clerical Staff), previously made, a bonus of Rs.4/- per month was granted" this we maintain was not intended to apply to us. As "previously provided" and ~~the~~ appointments are not ~~for~~ for we all ~~Members of~~ ~~Non-European Clerical Staff~~ (including Africans) ~~receive~~ ~~the~~ ~~same~~ ~~privileges~~ on transfer by land or ~~water~~ and all other allowances attached to such staff on an ~~equal~~ ~~scale~~ as laid down in the Code of Regulations in force in the Protectorate.

3. In the Report of the Special Commissioner, Sir Alfred Laseelles, it does not appear anywhere that the Local Commissioners' Report on this subject of the War Bonus and House Allowance is rescinded but on the Appendix to Special Commissioner's Report, Note 7 it is stated "where no provision for African Subordinates (not African Members of the Non-European Clerical Staff), previously made, a bonus of Rs.4/- per month
be granted" this we maintain was not intended to apply to
the word "previously provided" and appointments are
not "for we all Members of the Non-European Clerical
Staff (including Africans)" receiving
privileges on transfer by land or sea and all other allowances
attached to such staff on the same scale as laid
down in the Code of Regulations in force in the Protectorate.

Report the Scale per month for Non-European Clerical Staff as
a whole was as follows:-

The amount of Rs. 20/- of House Allowance to Africans not actually paid to him according to Secretariat Circular No. 86 dated 19th September 1919 (Appendix "A") but is added to his salary for the purpose of computing the scale of War Bonus. Our urgent daily necessities for imported food stuffs on which we live from birth and clothing compelled us to draw the Bonus, but after the formation of this Association on 23rd June 1919 at a duly convened General Meeting held in the High Court Hall at Mombasa by kind permission of His Honour Sir Robert W. Hamilton, the Chief Justice K.A.P. on 2nd August 1919 a Resolution (Appendix "B") was unanimously passed for applying to His Excellency, Sir Edward Berthay, K.C.M.G., C.B., The Governor, on 9th August 1919 (Appendix "C") was written under our instruction. When Sir Alfred Lascell was going on with the Enquiry in this Country it was obvious his recommendations concerned the Members of the Non-European Clerical Staff as a whole. No African Member of the Non-European Staff gave evidence before him, as we were quite satisfied and almost sure that since the term "Non-European" then existed as it is now applicable to both Africans and Non-Africans, we cherished the hope that what will be done for other than Africans will also be applicable to the Africans.

5. After publication of Sir Alfred Lascell's Report, besides this Association approaching the Government there have been several recommendations made to His Excellency by the Heads of Departments including Sir Robert Hamilton who headed the local War Bonus Commission and who in the first scale referred to in para

be in para 4 above we treated all alike and as a result we drew both War Bonus and House Allowance at the Scale allowed for Members of the European Clerical Staff. The grant of the new Bonus or War Bonus and House Allowance to the African Members of the Non-European Clerical Staff working under them was recommended, as far up to this date nothing has been intimated to us regarding these recommendations. Neither has any reason been given why such recommended persons are not granted the same privileges as the remainder of the staff they belong to.

6. Subsequent to the publication of Sir Alfred Lascall's Report another Secretariat Circular No.64 dated 23rd July 1919 (Appendix "D") was issued. With our number of 100 men in this Association we have but 3 men in the pensionable grade (3rd Grade) about 8 in the 4th, and 9 in the 5th and the rest are in the 6th Grade. The last 5 Grades are not pensionable, although we are serving the Government with zeal as Clerks, Typists, Interpreters, Sub Inspectors of Police, many Telegraphists, Teachers in the Government Schools, Drivers and Firemen in Uganda Railway and in many other capacities in several Departments, with our small salaries and less chances for promotions and above all the deprivation of the War Bonus and House Allowance we consider that hardship is inflicted upon us.

7. The local prevailing Government rule on this subject is, that the holder of European post is eligible for European bonus; likewise, we and we represent to you that as holders of Non-European posts we also are eligible for Non-European bonus. In only one instance hitherto has this Bonus been granted to one of our number namely that of Mr. J. H. Jones who is working in the Secretariat Office and has been granted the War Bonus and House Allowance on the new Scale which these Local Rule's Definitions are applying. While Mr. Jones is of the same birth as ourselves and we fail to understand why the recommendation should have effect in only this one instance.

addelled to His Excellency (See Appendices "E" "F" & "H").
enclosures referred in "E" as A.B.C. & D. are "F" "G" "H" &
on that appeal to His Excellency we have received Appendix "I".
As a result of (Appendix "J" Appendix "K" was written. This
scale of War Bonus although before its publication (which is
only a mere matter of form) of the Circular No.86 (Appendix "A")
we were getting it, it was drawn in June, July and August. We
were not satisfied with the first scale on which Rs.20/- as
House Allowance was actually paid to both Africans and Non-
Africans much less so when the House Allowance was removed.
We would here like to draw Your Lordship's attention that the
first scale referred to in para 4 above had not been in any
wise superseded by Sir Alfred Lascelle's Report. This
Petition as a result of Appendix "J" we accordingly represent
our grievance to Your Lordship and we state that ours is a
special case which hardship is inflicted on us and we venture
to submit it for Your Lordship's favourable consideration.

9. Your Lordship's Petitioners beg you to peruse Appendix "G"
which sets forth the matter, the fact alluded thereto in para
5 which we doubt Your Lordship is well aware. Apart from that
there is a general feeling in both the Administrative and
other Officers in this country for having a well educated
and civilized Coast African rather than Non-African to serve
under them. We feel that we cannot afford at this juncture
but to avail ourselves of the direct statement made by that
learned Government Official, The Director of Education, J.R.
Orr Esq at a Meeting of the Convention of Associations held at
Nairobi on 16th July 1919 (Vide Weekly issue of the East
African Standard dated 19th July 1919 page 17). "Wages was

as it is a fact that while the Government is doing all it can
 to assist our case, we are compelled to bear the brunt of the
 situation. The Government has already taken steps to establish a
 committee of enquiry which has found out the facts and
 made recommendations for the improvement of conditions. We have
 also had a number of meetings with the Government officials
 and other members of the administration. We are continuing
 our efforts to improve conditions. We have made some
 progress, but there is still a long way to go.

We have been told that the Government is considering
 a scale of pay for all civil servants. We have been told
 that the scale will be based on the average salary of all
 civil servants. This is a good thing, but it does not
 take into account the fact that we are not paid enough.
 We have been told that the new scale will be effective

This will have effect from 1st January 1917.

AFRICAN CIVIL SERVICE ASSOCIATION

Resolution of the General Meeting held at Mombasa on 2nd August 1919.

That the inadequacy of the War Bonus which entitled in sending out Sir Alfred Lasseilles was felt by us all Members of the Non-European Clerical Staff and the enhancement of the Scale of War Bonus for East Africa Protectorate should likewise be extended to the African Members of the Non-European Clerical Staff inhabitants of the Coast who all from birth live chiefly on the same imported food stuffs as Seychelles Africans and Non-Africans whose majority at the banner during this ruinous war have been more favoured by their countrymen merchants than Africans.

2. That the War Bonus for Africans may be granted on the same basis as that of Non-Africans as laid down on the Appendix of Sir Alfred Lasseilles Report for married and unmarried with the same retrospective effect.

~~House Allowances~~. A few number of House-owners, Africans, of poor salary in the Government service due to the hardship which prevailed during the War sold and others mortgaged their houses and eventually sold them has resulted that the majority although at home at the Coast pay the same high rent.

There has been constant and many transfers up-country and many were stationed there for months together carrying responsible duties during this war that the rent alone paid by the African Members of the Non-European Clerical Staff is nearly half of their monthly salaries each month.

That the Honourable Government may grant house allowance as that granted to Asiatics with the same retrospective effect.

Conclusion That our East Africa Code of Regulations under which we are governed the term "Non-European Clerical Staff" is up to this day applicable to both the Africans and Asiatics. We all alike receive our promotions, increments, privileges on transfer and all other allowances and very strongly beg leave to submit both to the kind Local and Gracious Home Governments should not debar the Africans from the existing rights in the Regulations now in force in the Country particularly for the well advanced, civilized and educated Africans of the East Coast who have been registered in the Government Clerical Staff List and some are on the pensionable Grades.

We, therefore, humbly and most respectfully beg to lay our case as special one and to say that Sir Alfred Lasseilles come out not to reduce the Scale of War Bonus to those who were previously been provided and that the well appreciated scale fixed by him affecting all the Members of the Non-European Clerical Staff should include also Africans whose home is Coast and the House Allowance as well.

U/I/P 8. The Honourable, The Commissioner for Native Affairs,
N A I R O B I.

Your Excellency,

I have the honor, under instructions from the African Civil Service Association, to make some representations to you and to beg your consideration of certain circumstances in connection with the educated or semi-educated east Africans employed in clerical work in the Government Offices. I am sending this letter through the Honourable the Commissioner for Native Affairs in the hope that he will comment to you upon the position held by these Africans members of the Non-European staff, in the service of the various Departments of your Government, in relation to the other races of people who are component parts of such Non-European staff and with respect to the privileges of War Bonus and House Allowance conferred upon other races.

I wish to place before Your Excellency some facts showing why the two representations my clients are about to make to you, through me merit your sympathetic consideration and why the African members of the Non-European Clerical Staff are most especially affected should any difference be made between the granting of such privileges to the other members of the staff they work with :-

A. The people whose cause I represent to you live chiefly on the same imported food stuffs as the Indians and others of the Non-European Staff and have so lived from birth, they have therefore had their living expenses as much augmented by the abnormal increases in the prices of food as any other section of the community. Moreover the African has often to pay more to the Indian shop-keeper than the Indian has, for the reason that the Indian shop-keeper has a system of combined selling and money lending, brought with them from India, against which few Africans are as yet competent to protect themselves.

B. The high prices of food and clothing and the removal of several African members of the Non-European Staff who owned houses, or were sons of owners of houses, for services up country, caused many to sell or mortgage, and subsequently sell their houses; they now therefore have to pay the same enhanced prices for house rent as others.

C. They are serving the Government with zeal as clerks, typists and interpreters and in other capacities in several departments, there was assuredly previous to the war, a feeling that the African should receive less for his services than others because of his birth but I contend this feeling is not so prevalent as it was and is not justified. The difficulties in the way of obtaining education for an African child are excessive in this country and the education to be obtained is not of the most desirable kind, it is his want of education that militates against the African obtaining good employment and efforts are being made for future education of his children which will, I hope, materially improve many of them and develop the capacity of the future; I am convinced many of them desire education for their children which they know had had the effect of placing some of themselves in good positions

in Government service should suggest this is one is worthy of encouragement! I represent to you that the ~~now~~ ^{now} depriving them of their share of privileges ~~now~~ ^{now} the remainder of the staff they work with, for the only apparent reason that they are Africans must greatly dishearten them, showing them by making no difference between them and the remainder of the staff they belong to that the ~~now~~ ^{now} their being natives is no detriment to them must stimulate them to further educational and other improvement.

4. The change that is taking place in so many countries respecting the conditions of employees may lead Your Excellency to reflect that the time may come in the near future when it will be advantageous to this country that a greater portion of the work necessary to its progress and development should be done by those that are themselves born upon the soil, therefore I represent to you that any encouragement you may please, to give them to make themselves fit to take a greater part in such work may be as advantageous to them as to the country itself.

5. That the feeling of pride in the exploits of the King's African Rifles during the late war, &c., be the commencement of a racial self respect worthy of being fostered, and that to discredit the African Members of the Non-European Staff by withholding from them the privileges conferred upon all the other Members of the Staff they belong to is a grievous wrong.

6. That the Regulations which regulate and control the Non-European Clerical Staff are applicable ~~now~~ ^{now} Africans and all other Members of such staff, all alike ~~now~~ ^{now} these Regulations receive promotions, increments, privil ~~now~~ ^{now} transfers and ~~now~~ ^{now} to de-bar the Afr ~~now~~ ^{now} portion of such staff from the privileges of the staff as ~~now~~ ^{now} because they are Africans, is not in consonance with ~~now~~ ^{now} manner in which such matters are usually conducted in Brit ~~now~~ ^{now} Colonies and Dependencies.

7. I therefore represent to You ~~now~~ ^{now} possibility that the House Allowance should be given to all Members of the Non-European Clerical Staff including Africans ~~now~~ ^{now} your favorable con- sideration of my representation and ~~now~~ ^{now} more under Note 8 to the Appendix to the Report of Sir ~~now~~ ^{now} ~~now~~ I represent that the grievance of the African Member of the Non-European Clerical Staff is a special case in which hardship will be inflicted on them if they are excluded from receiving the Bonus payable to Non-Europeans.

I have the honor to be,

Your Excellency,

Your obedient servant,

Sgd. W. H. F. De Lacy.

EAST AFRICA PROTECTORATE.

Circular No. 64.

THE SECRETARIAT,

NAIROBI,

2nd July 1908.

WAR BONUS

Mis Excellency The Governor desires that the attention of all Members of your Staff should be invited to the concessions in the shape of War Bonus which have recently been approved, and express the hope that the appreciation of all concerned will be manifested in the maintenance of that industry and efficiency which is expected of all Government servants. Mis Excellency is well aware that in most cases such an exhortation is unnecessary, but it has not escaped his notice that certain exceptions exist and he relies upon you to take care that no official in your Department, whose duties are slackly and inefficiently performed, is either recommended for an increment or, if his unsatisfactory conduct continues, allowed to remain in Government employment.

It should similarly understood that promotion in the service does not depend on seniority only but on ability and zeal.

MOMBASA.

Sir,

I have been requested to reply to your letter of the 9th August last addressed to His Excellency the Governor.

2. The Honourable the Acting Treasurer has made the following proposals:- That Africans drawing Rs.30/- p.m. and over be classified under Schedules 3 and 4 of Secretariat Circular No.65 of the 18th August 1918 but without payment of Rs.20/- per month house allowance, that amount being only added to the salary for the purpose of computation of Bonus.
- Africans termed as Subordinates (not to include office Boys, Menials and labourers) drawing less than Rs.30/- p.m. rate of bonus Rs.4/- p.m. but no house allowance.
- The Government has decided to recommend approval of the Acting Treasurer's proposals.
- Will you very kindly inform those members of the Africans staff working under this Government and under whose instructions your letter of the 9th August was written, of the decision as contained in para 2 above.

I have the honour to be,
Sir,
Your obedient servant,
Sgd. John Ainsworth
Chief Native Commissioner.

AFRICAN CIVIL SERVICE ASSOCIATION.

Resolution of the General Meeting held on 18th October 1919
at Mombasa.

1. The Honourable the Chief Native Commissioner's letter No. 1393/A.1/22 dated 11th October 1919 received by us which refers to the Secretariat Circular No.86 dated 17th September 1919 has created a very great dissatisfaction to all the Members of the African Civil Service Association whose home is coast.
2. At this duly convened General Meeting it has unanimously been agreed that pending His Excellency's decision on our appeal to him none of us will receive the so called War Bonus referred to in the above Circular for the following five chief reasons amongst many others:-

- (a) That it is contrary to the spirit of Sir Alfred Lascelles Report.
- (b) The resolution of the General Meeting held at Mombasa on the 2nd August 1919 copy attached hereto.
- (c) That prior to the receipt of the above Secretariat Circular No.86 we were receiving the War Bonus referred to in the letter of the Honourable the Chief Native Commissioner of the 11th October and found it impossible to maintain ourselves without assistance from our relatives.
- (d) That we beg to refer to the Secretariat Circular No.51 of 17th June 1919 Appendix Note 8 and to represent that ours is a special case in which hardship is inflicted upon Africans.
- (e) With regard to House Allowance both Secretariat Circulars Nos.65 of 16th August 1918 and 51 of 17th June 1919 Section 10 (g) are entirely disregarded.

3. One African Member of the Non-European Clerical Staff Mr. J. H. Jones, Government Press Nairobi, who is of the same birth as ourselves has been given full War Bonus and House Allowance as that laid down in Sir Alfred Lascelles Report and we cannot understand why the remainder of us are debarred from the same privileges.

4. That a copy of covering letter for this resolution to the East Africa Government should be sent to Sir Alfred Lascelles and to the Right Honourable the Secretary of State for the Colonies ~~and~~ together with previous correspondence which has passed between our Lawyer, W.E.F.de Lacy Esq and the East Africa Government for their information.
5. Telegram to go to the Honble the Chief Secretary, Nairobi on Monday the 20th instant.

GENERAL SERVICE ASSOCIATION.

General Service Association Meeting held at Nairobi on
Saturday the 2nd November 1919 at 2 p.m.

RESOLVED: War Bonus and House Allowance.

That it is unanimously resolved that in the absence of any final decision of the Protectorate Government on the above subjects the question of appealing to the Colonial Office should be deferred till January 1920. First reminder dated 17th November 1919 having been sent out to His Excellency in which the Government has been notified of this Meeting. Second reminder should be sent early January 1920.

2. — The consent of all the Members of this Association throughout the Protectorate as to the appealing to the Hon. Secretary of State having been obtained (Vide Telegram dated 21.11.19 from Mr. G. Kimber, Hon. Secretary, Kisumu Branch and Mr. Matthew Henry, Hon. Secretary Nairobi Branch dated 22.11.19) it was finally resolved that so far as appealing to the Colonial Office is concerned the General Consent be recorded should the decision of the Local Government be against us the War Bonus may be accepted under protest and the Government to be notified. No General Meeting need now be convened to reconsider this Agenda but we should appeal in the terms of Note 8 to the Appendix of Sir Alfred Lascelles Report.
