ITALIAN MISSION - EMPLOYMENT WITH E.A. FORCES

Trans memo from Staff Capt on subject of claims for various payments for.

For machinery
 The correspondence on this claim is closed as though it might go on for ever
 One would want the thing to become a definite matter, yet at the same time ~~is~~ ~~is~~
 all the claims have been settled, with the exception of the patents, so far as the Italian mission was appear to have a claim

The Italian claim that their father was eligible for pay at normal military rate. The authorities state that their position was purely honorary, & that unlike members of other missions doing similar work they were paid 150% a month.

So it was agreed that a deadlock
 I cannot see how we can be justified in making any further payments to the Mission.

Major J. L.
of 14.5.20.

In accordance with the instructions conveyed in Colonel Amery's despatch No. 401 of the 19th March I have the honour to transmit for Your Lordship's consideration a copy of a report submitted by the Staff Captain, East African Expeditionary Force, in connexion with the claims put forward by the Proctor of the Italian Mission in this Protectorate on behalf of members of his Society whose services were loaned for employment to the military authorities in the late campaign against German East Africa.

2. I regret the misunderstandings which have occurred as to the terms of engagement of these fathers and nurses more especially as the conditions imposed have not been questioned by any of the other Missionary bodies whose members volunteered for service with the local troops or carriers. Your Lordship will observe from Major Kenny's statement that the Crown recently has been forced to legal action against the Italian Mission and has been awarded recovery of monies to the amount of Rs. 5,500/- in respect of certain overpayments, which were also contested by the Mission's representatives.

RIGHT HONOURABLE
 THE ACCOUNTANT GENERAL, P.C., G.C.B., G.C.M.G., &c., &c.,
 SECRETARY OF STATE FOR THE COLONIES,
 DOWNING STREET,
 LONDON, S. W.

3. I have seen from the penultimate enclosure General Anvey's despatch (the letter of the 19th August 1919, addressed to the General commanding East Africa to the Secretary of the War Office) that the records relating to these claims have been despatched to England, and, in their absence, it is difficult for me to submit recommendations on the specific points raised by the Italian Mission, more particularly as regards the claim for arrears of pay to cover the whole period of employment of the respective Missionaries. I am not disposed to recommend any differential treatment in the last-named respect for the members of the Italian Mission.

4. I agree with Major Kenny that the Mission would not appear to be justified in claiming extra remuneration for expenses incurred in the maintenance of their own Fathers and Sisters during convalescence at Limuru. This special arrangement was made in deference to Bishop Perlo's expressed wishes and the pay of the Missionaries during their holiday should have been adequate to cover maintenance expenses.

5. Inquiries have shown that Sister Cristina was released from military service in the ordinary manner and there is no record of any Medical Board or of her discharge as the result of physical disabilities. The legal Practitioner to the Italian Mission was notified accordingly on the 22nd December last that his application on her behalf for a military disability pension or gratuity could not be entertained.

The case of Sister Caterina was dealt with in Colonel Amery's despatch Confronting of the 5th December. She should have been paid a gratuity of £25. The Military Pensions Officer.

100/9636

6. The payments due to the Mission authorities in respect of Father Caspari have been settled in Colonel Amery's despatch No. 229 of the 18th February.

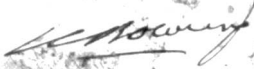

7. I have nothing to add to Major Kenny's decision with regard to the payment of War Bonus.

8. The claims for war service gratuity will be dealt with under the Revised instructions to which reference is made in the enclosure, the claims of the Fathers under this head being subject to Your Lordship's approval and in accordance with the procedure laid down in your telegram of the 18th May.

9. Clothing allowance was issued only to rank and file, and neither the Fathers or Nursing Sisters are entitled to this concession.

10. The two senior officers of the former Military Labour Corps are now in England as stated by Major Kenny at the close of his memorandum, and, if Your Lordship desires further information, I would suggest that they should be consulted on the subject of these claims.

I have the honour to be,
Your Lordship's
humble, obedient servant,

ACTING GOVERNOR.

EAST AFRICAN EXERCISES
No 1601 - 14 May 1930

The Honorable Chief of Staff, East African Exercise

Reference your S.30649/18, dated 20.4.30, and
accompaniments to which are returned herewith.

2. I regret I have no General Headquarter records
in connection with the conditions of employment of the
Fathers and Sisters of the Italian Mission with the
Expeditionary Force, and therefore my remarks below are
from my own personal knowledge.

The Mission claims:-

- (i) Pay for Fathers & Sisters prior to 1st January 1917.
- (ii) Maintenance allowance on account of those who were sent to the Italian Hospital at Bulhoek to recuperate their health.
- (iii) Compensation for disbursements.
- (iv) Final settlement of pay due to Father Caputo.
- (v) War bonus.
- (vi) War Service gratuity.
- (vii) Clothing allowance of Rs. 60 on release.

Reference (i) above. When the South African Forces were
arriving in this country we had to collect a very consi-
derable number of porters and we were very hardly pressed
for Medical personnel to look after the 2 Bishop Parls
then offered the services of certain Fathers and Sisters
for the Carrier Hospitals, free in anticipation of the
campaign ending in a few months, but as there was no
immediate prospect of it finishing it was decided that,
with effect from 1.1.17, these individuals should be paid
and their rate settled, was Rs.150/- per month for the
Fathers and Rs75/- per month for the Sisters.

As the 1st January 1917 was decided as the
date from which they should receive I cannot say, but
a reference to the Records of the Director of the Medical
services

Services, which are now at the War Office, would
 have been given to them.
Reference to the Fathers & Sisters was
made to the Bishop and Mission Sisters.
 The Fathers were Honorary Lieutenants and the
 Sisters, Honorary Nursing Sisters, and to my own
 personal knowledge were given every consideration.
 Had it been necessary for them to be sent to any
 country in the world to recuperate their health,
 they would have been sent at Government expense.
 But, on the religious grounds, the Bishop announced
 that, should recuperation be necessary, they
 should be sent to their own Mission at Limuru, and
 as will be seen from the Proctor's letter we did
 everything possible for their comfort even to
 sending motor cars from Nairobi to Limuru to
 convey them one mile from the railway station.
 Military Officers and Nursing Sisters requiring
 a change for health reasons were given leave and
 free passages to Nairobi, South Africa or England
 beyond that they had to pay their own expenses,
 therefore, I do not see why this Mission should
 receive special treatment and be given compensation
 for expenses incurred at the Limuru Mission; they
 received (or the Bishop did on their account) full
 pay the whole time.

Reference (iii). The Mission claim special pension
 or gratuity for Sisters Cristina and Catterina. The
 Proctor called to see me the other day and among
 others papers he had a letter from the Ministry of
 Pensions sanctioning a gratuity of Rs. 300/- for
 Sister Catterina. So presumably they are getting
 all they want under this head, but through what
 channel

channel I do not

but, on the advice of the Honourable Attorney
General, I have withheld payment pending settlement
of the action referred to in (v) above. The
overpayments are being recovered, but I have not
yet heard from the Honourable Attorney General that
the money has actually been paid.

All my papers are with the Honourable
Attorney General and I am awaiting confirmation
of this.

The Fathers are now eligible for gratuity
under Army Order 437 of 1919, but instructions
have been received from the Colonial Office not
to pay on this Order without referring each case
home.

I understand His Excellency is in communi-
cation with the Colonial Office on this subject.

I strongly represent... money we can possibly avoid paying... merely as a donation to the Mission.

The Fathers & Sisters are entitled to War Service Gratuity which will be paid... course, and presumably the Bishop will receive a lump sum on this account to be paid to him and not the individuals who earned it.

I would suggest that Colonel Watkins and Major Leonard, who are in England, would be able to assist the Colonial Office in coming to a decision in this case.

The Commandant agrees with the above.

A distinction can be drawn between
 outward passages and the
 office. The first appl to go
 by a certain date and if the
 accommodation to which he is entitled
 not available it is no fault of the
 Govt. I do not think any claim
 should be admitted.

But the question more common
 arises in the case of homeward
 passages. Here it is difficult to compel
 an officer to go at a certain date,
 although it may be desirable in the
 interests of the Govt. that he should
 do so. What is wanted is an arrangement
 which will enable the Govt to send a
 leave if necessary & not at the
 same time not to give him a grievance.

I suggest the following:-

- (1) No claims to be admitted in respect of the inward journey in the case of officers returning from leave, or proceeding on first ~~leave~~ ~~when~~ ~~second~~ except when they are required to go back before the end of their

the case of officers going out to first class...
being understood that...

(3) When a reason of health or in the
interests the necessity is absolutely
necessary for an officer to proceed to
England by a return train or first
there is no suitable accommodation, he
should receive the difference between the
actual cost of his passages & the
maximum of the class to which he is
entitled (i.e. 1st or 2nd) as a
concession. Similar provision
in cases of this kind should
be limited as far as possible.

(4) If an officer whose case falls
under (2) requires the concession to take
his first passage, his further services
should be regarded as being
a public burden & will not count
for leave.

(4) If an officer whose case does not
fall under (2) elects to travel by a lower
class to suit his own convenience, no

claim to be...
(5) The present arrangement of the...

of journey, to be treated
on their merits on same line. i.e. if an
officer goes to Bombay 1st class & then
take a 2nd class passage for the rest of
the journey to avoid detention, he
shd. be paid out if he cannot get
that he could not get a 1st class passage
he shd. not be entitled to put the
difference in his pocket.

(7) The above arrangements to be without
prejudice to the new arrangement (when
it comes into force) for grants towards
second passages

(8) The above is agreed to, the
application to returning cases also be

2. Applications have been received from six of the persons mentioned in paragraph 2 of Colonel Amery's despatch, all of which have been refused on the principle which was fully explained to Your Lordship in my despatch No. 1088 of the 5th November 1919.

3. The whole question was, however, reviewed by the members of my Executive Council, who agreed that Your Lordship should be informed that, in the opinion of this Government, compensation should not be paid. With this conclusion I agreed.
