My Lord,

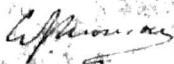

Gov 36733

With reference to Sir Charles Bowring's despatch No. 532 of the 19th May, 1920, regarding the retirement on pension of Mr. B. Pereira, I have the honour to inform Your Lordship that, through inadvertence, the date from which he will be paid an Alimentary Allowance was erroneously stated as the 27th July. This should read 22nd July and I shall be grateful if Your Lordship will cause the necessary alteration to be made.

I have the honour to be,

Your Lordship's

honourable, obedient servant,

GOVERNOR'S DEPUTY.

My Lord,

I have the honour to acknowledge the receipt of your Lordship's despatch of the 11th April forwarding letter addressed to the Colonial Office by the Director of the Steamship Navigation Company, Ltd., on the subject of the lack of quarantine facilities. I am sorry to inform Your Lordship that the delay which has occurred in equipping this station has been due entirely to financial restrictions.

A complete programme of work has been prepared and I attach a statement detailing the expenditure involved. The amount required cannot be met from revenue and I am, therefore, including provision for this service in a Schedule of requirements, which I hope to forward to Your Lordship shortly with a view to the provision of loan funds for public works of an urgent nature.

I have the honour to be,
Your Lordship's
Obedient servant,

W. Morrison

INCLOSURE

In Reference No. 111 of 1914

VICTORIA HOTEL
Nairobi, 5th May 1920.

To The Chief Paymaster,
British East Africa Pay Corps.

662

Sir,

On 30th August 1914 I enlisted in British East African Mounted Rifles and was discharged on or about May 1915 as medically unfit as a result of losing my left leg - only 4 inches of stump remaining.

When I enlisted it was on the distinct understanding that the rate of pay would be 4 rupees per day and that pensions and gratuities would be on the Imperial rate.

From the date of my discharge until 31st December 1916 I received a pension of 10/6 per week and from 1st January 1917 to 31st December 1917 a pension of 25/- per week and also received 14/6 per week from the date of my discharge until 31st December 1916 being the difference between 10/6 and 25/- per week. Since December 1917 I have however only been paid at the rate of 10/6 per week.

I therefore respectfully request that the difference bet between 10/6 and 25/- per week for the period from 31st December 1917 until the present date be paid to me and that, in future, my pension be at the rate of 25/- per week or at the Imperial rate whichever is higher.

I trust that on full consideration of the case and in view of the fact that 25/- per week does not in any way compensate me for the loss of my limb, my application will be favourably entertained.

I am &c,

Sd. Robert C. Pease.

Ex Trooper B.E.A. Mounted Rifles.
